

I have health insurance, why would I consider this?

Not all health insurance policies cover health care when rendered outside of the country. If you are enrolled in a limited benefit policy or Medicare you will not have any coverage even if it is a true medical emergency.

When should I buy this insurance?

If you plan on purchasing travel insurance it is best to review your options when you start making your travel plans. You may want to shop around to ensure you are getting the coverage needed. Also, if you have an existing medical condition you will want to be sure it will be covered as a pre-existing condition. It is best to purchase when making your trip deposit but can be purchased the day before you leave on your trip if necessary.

Where can I buy this insurance?

You can purchase this insurance through your travel agent, at the airport or possibly through your automobile insurance agent or company.

As with all insurance claim submissions, make a copy of the completed claim form, supporting medical records and proof of payment for your records.
