ANNUAL STATEMENT FOR THE YEAR 2006 OF THE Highmark Inc.

Statement of Actuarial Opinion

I, Mark F. St. George, am associated with the firm of PricewaterhouseCoopers LLP. I am a Fellow of the Society of Actuaries and also a Member of the American Academy of Actuaries. I have been retained by Highmark Inc. (the Company) to render this opinion. I meet the American Academy of Actuaries Qualification Standards for Statements of Actuarial Opinion for Health Insurance Organizations and am familiar with the valuation requirements applicable to life and health insurance companies.

I have examined the actuarial assumptions and actuarial methods used in determining reserves and related actuarial items listed below, as shown in the Annual Statement of the Company, as prepared for filing with the state regulatory officials as of December 31, 2006. I relied upon records, summaries, and other supporting data prepared by responsible officers and employees of the company. In other respects, my examination included such review of the actuarial assumptions and actuarial methods and such tests of the actuarial calculations as I considered necessary.

A.	Claims Unpaid (Reported and Unreported):	$ 338,347,513
B.	Accrued medical incentive pool and bonus payments:	$ 9,858,765
C.	Unpaid claims adjustment expenses:	$ 10,549,861
D.	Other policy and contract reserves:	$ 163,599,070
E.	Experience rated refunds:	$ 0
F.	Any actuarial liabilities included in “Aggregate write-ins for other liabilities” line on the Liabilities page of the balance sheet:	$ 0

In my opinion the reserves and related actuarial items identified above:

- are computed in accordance with presently accepted actuarial standards consistently applied and are fairly stated, in accordance with sound actuarial principles;
- are based on actuarial assumptions which produce reserves at least as great as those called for in any contract provision as to reserve basis and method, and are in accordance with all other contract provisions;
- meet the requirements of the valuation law and regulations of the Commonwealth of Pennsylvania and are at least as great as the minimum aggregate amounts required by the state in which this statement is filed;
- are computed on the basis of actuarial assumptions and methods consistent in all material respects with those used in computing the corresponding items in the Annual Statement of the preceding year-end; and
- include appropriate provision for all reserves and related actuarial items which ought to be established.

The reserves and related actuarial items, when considered in light of the assets held by the company with respect to such reserves and related actuarial items including, but not limited to, the investment earnings on such assets, and the considerations anticipated to be received and retained under such policies and contracts, make adequate provision, according to presently accepted actuarial standards of practice, for the anticipated cash flows required by the contractual obligations and related expenses of the company.

The actuarial methods, considerations and analyses used in forming my opinion conform to the appropriate Standards of Practice as promulgated from time to time by the Actuarial Standards Board, which standards form the basis of this statement of opinion. I certify that the items above have been determined appropriately; however, because future events frequently do not occur exactly as expected, there are usually differences between expected and actual results.

This opinion is updated annually as required by statute. To the best of my knowledge, there have been no material changes from the applicable date of the annual statement to the date of the rendering of this opinion which should be considered in reviewing this opinion.

Respectfully submitted,
PricewaterhouseCoopers LLP

Management's Discussion and Analysis

I. OVERVIEW

Nature of Operations
Highmark Inc. (the Corporation) is incorporated as a nonprofit corporation and operates as a hospital plan and a professional health service plan in the Commonwealth of Pennsylvania. As a licensee of the Blue Cross and Blue Shield Association (BCBSA), the Corporation underwrites various indemnity and managed care health insurance products. The Corporation also underwrites Medicare supplemental, dental, vision and long-term care insurance products. In addition, the Corporation jointly markets various health insurance products (joint programs) with Hospital Service Association of Northeastern Pennsylvania d/b/a Blue Cross of Northeastern Pennsylvania (BCNEPA) and Independence Blue Cross (IBC). The Corporation also operates as a Medicare Part A fiscal intermediary and a Medicare Part B carrier, performing claims processing, customer service and provider relation functions.

Markets for the Corporation's indemnity, managed care and joint program health insurance products include: national accounts (primarily groups headquartered in Pennsylvania that have operations in other locations), regional accounts, individual accounts and service contract arrangements.

Basis of Financial Presentation
In 2006 and 2005, the Corporation prepared its statutory financial statements in accordance with the National Association of Insurance Commissioners (NAIC) Codification Standards. The Corporation reviewed all of the required statutory accounting principles and determined that the following Statements of Statutory Accounting Principles (SSAPs) had the most significant impact:

- SSAP 4: Assets and Nonadmitted Assets, paragraph 3 superceded by SSAP 87
- SSAP 10: Income Taxes
- SSAP 26: Bonds, excluding Loan-backed and Structured Securities
- SSAP 30: Investments in Common Stock (excluding investments in common stock of subsidiary, controlled, or affiliated entites)
- SSAP 47: Uninsured Plans
- SSAP 84: Certain Health Care Receivables and Receivables Under Government Insured Plans
- SSAP 88: Investments in Subsidiary, Controlled and Affiliated Entities, A Replacement of SSAP No. 46
- SSAP 89: Accounting for Pensions, A Replacement of SSAP No. 8

Recent Developments
On March 28, 2007, the Corporation's Board of Directors and the Board of Directors of IBC unanimously voted to approve the combination of the two companies. IBC is a Pennsylvania nonprofit hospital plan corporation headquartered in Philadelphia. IBC and its subsidiaries are the Philadelphia region's largest health insurers with more than 2.7 million members locally and 3.5 million members overall. IBC employs nearly 10,000 people, processes more than 32 million claims annually and responds to over 6 million customer inquiries per year. IBC serves all areas of the health care market with products and services in various business lines including managed care, traditional indemnity, Medicare and Medicaid. At December 31, 2006, IBC had total admitted assets of $1.8 billion, total liabilities of $361.6 million and statutory surplus of $1.4 billion. For the year ended December 31, 2006, IBC reported statutory net income of $29.0 million.

The consolidation of the Corporation and IBC is subject to various conditions, including the approval of the Corporation's corporate members and various governmental entities, and no date has been set for the closing. If the consolidation is consummated, the resulting corporation will be a Pennsylvania nonprofit corporation and will continue to operate the businesses of both the Corporation and IBC. The new entity will assume the Corporation's obligations under our Senior Notes and the related Indenture.

On March 5, 2007, A.M. Best affirmed the Corporation's financial strength rating of A (Excellent) and senior unsecured debt rating of a- (Excellent), maintaining a stable outlook.

Management's Discussion and Analysis

II. RESULTS OF OPERATIONS

Summary
Overall, the Corporation's fully-insured health business benefited from lower claim trends. Uninsured health business was positively impacted by rate increases and offset by both higher operating expenses and declines in enrollment as groups selected competitors' products. The Corporation's surplus increased due to strong net investment results driven by higher average investment balances and portfolio yields, as well as solid equity market returns and subsidiary and affiliate results driven by the performance of Keystone Health Plan West, Inc. (KHPW), the Corporation's wholly owned health maintenance organization subsidiary, United Concordia Companies, Inc. (UCCI), the Corporation's wholly owned dental subsidiary and HVHC Inc. (HVHC), the Corporation's wholly owned vision subsidiary. Additionally, surplus also increased due to the sale of the Corporation's remaining affiliate interest in Medmark Inc. (Medmark) in the third quarter of 2006. Conversely, the Corporation's surplus was impacted by recognition of a commitment to the Highmark Foundation (Foundation commitment), increases in nonadmitted assets as a result of certain unaudited non-insurance subsidiaries and the prepaid position of the Corporation's other postretirement benefit plan.

Statement of Revenues and Expenses
Net income for the year ended December 31, 2006 was $132.4 million, a decrease of $24.7 million or 16%, compared to net income of $157.1 million for the year ended December 31, 2005. Net income was driven by increases in net investment income, increased net realized capital gains and a reduction of income taxes incurred compared to prior year. These results were offset by a decrease in underwriting gains and increases in other expenses.

The underwriting gain for the year ended December 31, 2006 was $273.0 million, a decrease of $41.9 million or 13%, compared to the underwriting gain of $314.9 million for the year ended December 31, 2005. The decrease in the underwriting gain resulted mainly from an increase in general administrative expenses attributable to an increase in costs associated with advertising, customer service and claims processing. Despite the decrease in the underwriting gain, the medical loss ratio remained consistent at 84% for the years ended December 31, 2006 and 2005 as group rate increases exceeded claims and prescription drug costs.

Net investment income was $104.7 million for the year ended December 31, 2006, an increase of $37.3 million or 55%, compared to $67.4 million for the year ended December 31, 2005. The increase in net investment income was primarily attributable to higher average investment balances and a higher investment portfolio yield.

Net realized capital gains were $69.4 million for the year ended December 31, 2006, an increase of $18.3 million or 36%, compared to $51.1 million for the year ended December 31, 2005. The main driver of the increase related to the sale of the Corporation's remaining interest in Medmark for $51.2 million which resulted in a realized gain of $37.4 million. Conversely, a decrease in realized gains on unaffiliated stocks was related to routine investment activity.

Other expenses were $206.6 million for the year ended December 31, 2006, an increase of $44.6 million or 28%, compared to $162.0 million for the year ended December 31, 2005. In 2006, the Corporation recognized a grant of $25.0 million to the Penn State Milton S. Hershey Medical Center (PSU-Hershey Medical Center) and committed $100.0 million, of which $20.0 million was paid in 2006, to the Highmark Foundation to fund health education, communications, community activities, grants and programming to promote healthy behaviors in children and adolescents. In 2005, the Corporation committed $28.0 million to an ePrescribing initiative to establish programs for funding to qualifying physicians in western and central Pennsylvania, recorded contingency reserves of approximately $25.0 million and recognized start-up costs of $21.1 million for our Medicare Part D subsidiary.

III. FINANCIAL POSITION

Admitted Assets
Admitted assets were $5,049.6 million at December 31, 2006, an increase of $331.1 million or 7%, compared to admitted assets of $4,718.5 million at December 31, 2005. The increase in admitted assets was due primarily to increases in cash and invested assets of $340.6 million, premiums uncollected and accrued retrospective premiums of $134.8 million and receivables for parent, subsidiaries and affiliates of $25.0 million offset by decreases in receivables for uninsured plans of $60.4 million and health care and other receivables of $113.2 million.

Management's Discussion and Analysis

Total cash and invested assets were $4,324.2 million at December 31, 2006, an increase of $340.6 million or 9%, compared to cash and invested assets of $3,983.6 million at December 31, 2005. The net increase in cash and invested assets was primarily due to positive operating cash flows and growth in the fixed income and equity security markets. Additionally, the fair value of subsidiary and affiliate equity holdings increased $424.0 million or 43% mainly due to increases in the statutory value of subsidiaries as a result of strong 2006 financial results and capital contributions to wholly owned non-insurance subsidiaries. In 2006, HVHC, acquired ECCA Holdings Corporation, the parent corporation of Eye Care Centers of America, Inc. (ECCA), a San Antonio, Texas-based retail optical chain, for $317.2 million. The Corporation contributed $225.0 million to HVHC to assist HVHC in funding this acquisition. In 2005, HVHC acquired Viva Optique, Inc. (Viva), a privately held New Jersey corporation engaged in the design and international distribution of eyewear and sunglasses. The purchase of Viva was financed with a capital contribution from the Corporation of $100.0 million. Cash, cash equivalents and short-term investments decreased $423.7 million or 155% to ($151.7) million at December 31, 2006 from $272.0 million at December 31, 2005 mainly as a result of cash outlays at the end of the year.

Premiums uncollected and accrued retrospective premiums were $199.3 million at December 31, 2006, an increase of $134.8 million or 209%, compared to $64.5 million at December 31, 2005. The increase was primarily driven as a result of a reclassification of FEP accounts receivable from miscellaneous receivables.

Receivables from parent, subsidiaries and affiliates were $62.6 million at December 31, 2006, an increase of $25.0 million or 66%, compared to $37.6 million at December 31, 2005. This increase was primarily driven by increases in operating expenses allocated to subsidiaries. There were also increases in receivables due from HM Health Insurance Company (HM Health) which incurred start-up costs in 2006 and from Highmark Medicare Services Inc. (HMS), a newly-capitalized for-profit subsidiary of the Corporation.

Receivables for uninsured plans were $123.6 million at December 31, 2006, a decrease of $60.4 million or 33%, compared to $184.0 million at December 31, 2005. This decrease was due mainly to timing of payments from our group customers.

Health care and other receivables were $131.7 million at December 31, 2006, a decrease of $113.3 million or 46%, compared to $245.0 million at December 31, 2005. The decrease in health care and other receivables was primarily due to the reclassification of FEP receivables as previously mentioned offset by increases in BlueCard program receivables and receivables for administering the CHIP and adultBasic programs for the Commonwealth of Pennsylvania.

Liabilities

Liabilities were $1,842.7 million at December 31, 2006, a decrease of $31.2 million or 2%, compared to liabilities of $1,873.9 million at December 31, 2005. The decrease was driven primarily by a decrease in borrowed money, claims unpaid and amounts due to parent, subsidiaries and affiliates offset by increases in aggregate health policy reserves and other liabilities.

Borrowed money was $419.7 million at December 31, 2006, a decrease of $89.6 million or 18%, compared to $509.3 million at December 31, 2005. The decrease was the result of the repayment of a $125.0 million line of credit that was outstanding at December 31, 2005 offset by a draw of $35.0 million on another line of credit during 2006.

Claims unpaid were $338.3 million at December 31, 2006, a decrease of $13.7 million or 4%, compared to claims unpaid of $352.0 million at December 31, 2005. Although there was an increase in claims utilization, claims unpaid decreased as a result of timing of claims payments.

Amounts due to parent, subsidiaries and affiliates were $30.5 million at December 31, 2006, a decrease of $15.4 million or 34%, when compared to $45.9 million at December 31, 2005. The decrease was mainly the result of timing of payments received on subsidiary billings.

Aggregate health policy reserves were $163.6 million at December 31, 2006, an increase of $21.0 million or 15%, compared to $142.6 million at December 31, 2005. The increase in aggregate health policy reserves was primarily driven by increases in rate stabilization reserves resulting from rate increases exceeding claim trends for certain large clients.

Management's Discussion and Analysis

Aggregate write-ins for other liabilities were $140.5 million at December 31, 2006, an increase of $66.1 million or 89%, compared to $74.4 million at December 31, 2005. The increase in aggregate write-ins for other liabilities resulted primarily from the recognition of the remaining Foundation commitment obligation of $70.8 million.

Capital and Surplus
Total capital and surplus increased to $3,206.8 million at December 31, 2006 from $2,844.6 million at December 31, 2005. The increase of $362.2 million or 13% was the result of net income of $132.4 million, as previously discussed, net unrealized capital gains of $289.2 million driven by improved market conditions and strong financial performance in both insurance and non-insurance subsidiaries, a net increase in net deferred income taxes of $42.3 million offset by an increase in nonadmitted assets of $101.7 million.

Nonadmitted assets increased $101.7 million primarily attributable to the $48.1 million prepaid position of the other postretirement plan at December 31, 2006 that resulted mainly from an additional contribution of $39.0 million during the fourth quarter of 2006. The increase was also driven by approximately $18.0 million in estimated provider settlements from several central Pennsylvania hospitals, which are expected to be collected in 2007. Other increases in nonadmitted assets were the result of certain unaudited non-insurance subsidiaries of approximately $19.0 million and a $12.6 million increase in other prepaid expenses.

IV. LIQUIDITY

The Corporation maintains its cash and investment portfolio in order to meet both short-term and long-term liquidity needs. In 2006, the investment portfolio remained diversified among cash equivalents, fixed income and equity securities, limited partnerships and notes receivable.

The Corporation's short-term liquidity requirements are to meet operational needs. In December 2006, the Corporation purchased a $163.6 million Allegheny County Industrial Development Authority hospital revenue note for the benefit of Children's Hospital of Pittsburgh of UPMC Health System (Children's) and made an initial advance to Children's in the amount of $80.0 million. Children's has advised the Corporation that it intends to draw the remaining balance of the note in June 2007. In the first quarter of 2007, the Corporation replenished the negative cash balance noted above from proceeds on sales of marketable equity securities.

The Corporation's long-term liquidity requirements include repayment of $375.0 million in unsecured Senior Notes (Notes) at an interest rate of 6.8%. Interest is payable semiannually. The Notes are scheduled to mature on August 15, 2013 and can be redeemed at any time, in whole or in part, by the Corporation. Additionally, the Corporation has $35.0 million outstanding under a revolving credit facility with a financial institution. Although the facility is scheduled to expire in May 2007, the Corporation intends to refinance the facility and extend the terms to 2008. Amounts outstanding under the credit facility bear interest at a variable interest rate, 5.65% at December 31, 2006.

Cash flow
Net cash provided by operations was $219.5 million for the year ended December 31, 2006, an increase of $20.6 million or 10%, compared to $198.9 for the year ended December 31, 2005. The main driver behind positive cash flows from operations in 2006 was net investment income of $172.3 million. Cash provided from operating activities was reduced by cash used for commissions, expenses and other deductions of $692.2 million, driven by increased claims adjustment and general and administrative expenses, as well as federal income taxes paid of $71.8 million.

Net cash used in investments increased $230.8 million or 88% as a result of the timing and volume of security purchases in 2006 compared to 2005. Additionally, the Corporation purchased $80.0 million in Children's revenue notes.

Net cash used in financing and miscellaneous sources increased $144.9 million at December 31, 2006 primarily as a result of the repayment of a $125.0 million revolving credit facility, offset by a draw on a revolving credit facility of $35.0 million. In accordance with NAIC Annual Statement Instructions, aggregate write-ins for other expenses and changes in aggregate write-ins for other liabilities are reported in other cash provided (applied) in the statutory statements of cash flow. Accordingly, we reported a change in cash used in financing of $70.8 million related to the Foundation commitment.

Management is comfortable with Highmark's liquidity position at December 31, 2006 and considers its investment portfolio to be adequate to provide necessary cash flow throughout 2007 and beyond.

Management's Discussion and Analysis

V. OFF-BALANCE SHEET ARRANGEMENTS

The Corporation has transactions and is party to agreements with certain subsidiaries, affiliates and limited partnerships in the normal course of business. Significant commitments to and guarantees on liabilities relating to such arrangements are disclosed in the 2006 Annual Statement.

The Corporation is subject to various contingencies, including legal and compliance actions and proceedings that arise in the ordinary course of its business. Significant contingencies, including litigation matters, are disclosed in the 2006 Annual Statement.

The Corporation is also party to agreements with vendors to lease office equipment, computer equipment and office space under various noncancelable operating lease agreements running through 2008 and thereafter. These leases are subject to various renewal options and extensions. Significant operating leases, including future minimum rental payments for the next five years under the leases, are disclosed in the 2006 Annual Statement.

VI. PARTICIPATION IN HIGH YIELD FINANCINGS, HIGHLY LEVERAGED TRANSACTIONS OR NON-INVESTMENT GRADE LOANS AND INVESTMENTS

The Corporation does not participate directly or indirectly in high yield financings or highly leveraged transactions as originator, syndicator, or lender. The Corporation's exposure to non-investment grade securities and investments consists primarily of publicly issued marketable debt securities. The Corporation's investment policy and guidelines require that all such investments have a minimum quality rating of B3/B- at the time of purchase and the maturity of the issue may not exceed 10.5 years. Any transactions outside the scope of the investment policy and guidelines must be approved by Highmark's Board of Directors or Investment Committee prior to completion. As of December 31, 2006 the total of all below-investment grade securities or loans equaled 3.7% of admitted assets and has not nor is it expected to have a material negative effect on Highmark's financial condition or results of operations.

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of Highmark Inc. (the Corporation) are presented on the basis of accounting practices prescribed by the Pennsylvania Insurance Department (the Department). The Department recognizes only statutory accounting practices prescribed or permitted by the Commonwealth of Pennsylvania for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under Pennsylvania insurance law and regulations. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual (SAP) has been adopted as a component of prescribed or permitted practices by Pennsylvania. The Pennsylvania Insurance Commissioner (the Commissioner) has the right to permit other specific practices that deviate from prescribed practices.

For the years ended December 31, 2006 and 2005, there were no differences between SAP and practices prescribed or permitted by Pennsylvania that impact the Corporation’s surplus.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policies

The Corporation prepares statutory financial statements in accordance with the following accounting policies:

(1) Short-term investments, including Class 1 and credit-exempt money market accounts, and securities with a maturity of less than one year at date of purchase, are stated at fair value and included in cash equivalents.

(2) Bonds not backed by other loans are carried at amortized cost using the effective interest method.

(3) Investments in common stocks are carried at market value, as determined by quoted or estimated market values based on similarly quoted securities.

(4) Investments in preferred stocks are recorded at actual cost or the lesser of cost or market value, contingent upon NAIC designation assigned by the Securities Valuation Office.

(5) Loan-backed securities are stated at amortized cost. The retrospective adjustment method is used to value all loan-backed securities.

(6) Investments in stocks of insurance subsidiaries and affiliates are recorded based on the statutory equity of the respective entity's financial statements. Investments in stocks of non-insurance unconsolidated subsidiaries and affiliates in which the Corporation has an interest of 20% or more are accounted for under the equity method, with net income from such subsidiaries and affiliates recorded as unrealized gains. Unaudited subsidiary and affiliate investments are nonadmitted in the statutory financial statements. Dividends from subsidiaries are recorded as investment income when declared.

(7) Other invested assets, consisting primarily of investments in partnerships and notes receivable, are accounted for under the equity method and are carried at market value.

(8) Real estate occupied by the Corporation is recorded at book value, which is the actual cost of the property, plus capitalized improvements, less depreciation. The Corporation capitalizes individual items with a cost greater than $500 and software with a cost greater than $1,500. The Corporation has not modified its capitalization policy from the prior year.

(9) Derivatives are stated at fair value.

(10) Pharmacy rebates receivable are estimated based on actual prescriptions filled and the terms of rebate contracts for the most recent three months. For prior months, the Corporation records the actual amounts that have been invoiced or confirmed in writing with the pharmaceutical companies.

NOTES TO FINANCIAL STATEMENTS

(11) A premium deficiency reserve (PDR) is established when future claims expense and related maintenance costs are expected to exceed future subscriber premiums and investment income of contracts in force for a given line of business or product grouping within the contract period. A PDR is recorded net of amortization and included in aggregate policy reserves on the statutory balance sheets and in underwriting expenses on the statutory statement of revenue and expenses.

(12) The liability for claims outstanding is an actuarial estimate based on historical claims paid data, modified for current conditions and coverage changes. The methods to determine the estimate of incurred but not reported claims use past experience adjusted for current trends. The methods and assumptions are continually reviewed and any resulting adjustments are included in current operations. Corresponding administrative costs to process unreported claims are estimated and accrued.

(13) The Corporation's revenues from operations consist of premium revenue on underwritten business. The Corporation recognizes premiums ratably over the terms of the related insurance policy or contract period. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred. The Corporation is not at risk for the underwriting of the uninsured activity and, accordingly, records the revenue, claims expense and administrative expenses on a net basis within general administrative expenses. Third party administration fees are earned and recognized at the time services under the applicable contract are performed.

(14) Realized gains and losses on the sale of investments are determined using the specific identification method and are included in the statutory statements of revenues and expenses.

5. Investments

A. Mortgage Loans

At December 31, 2006, the Corporation had no recorded investment in mortgage loans. Standard Property Corporation (SPC), a wholly owned subsidiary, repaid the outstanding balance of a mortgage loan to the Corporation in December 2006. There were no new loans in 2006.

B. Debt Restructuring

None.

C. Reverse Mortgages

None.

NOTES TO FINANCIAL STATEMENTS

D. Loan-Backed Securities

The Corporation uses the retrospective adjustment method regarding prepayment assumptions, which were obtained from broker dealer survey values. The Corporation has no loan-backed securities that were acquired prior to January 1, 1994. The Corporation has incurred no negative yield situations regarding the use of retrospective adjustment method.

E. Repurchase Agreements

None.

F. Real Estate

None.

G. Low-Income Housing Tax Credits (LIHTC)

None.

6. Joint Ventures, Partnerships and Limited Liability Companies

A. Investment Limitation

At December 31, 2006 and 2005, the Corporation had no investments in joint ventures, partnerships or limited liability companies that exceeded 10% of its admitted assets.

B. Impaired Investments

The Corporation did not recognize impairments on investments in joint ventures, partnerships or limited liability companies during 2006 or 2005.

7. Investment Income

A. Basis for excluding due and accrued investment income from statutory surplus

Investment income due and accrued is excluded from the statutory financial statements for all interest on mortgage loans in default where such interest is 180 days past due and for all other investment income due on any invested asset that is 90 days or more past due.

B. Amounts excluded from statutory surplus

There were no amounts excluded from the Corporation's statutory surplus for investment income at December 31, 2006 or 2005.

8. Derivative Instruments

A-F. Interest Rate Swap Agreements

In 2001, the Corporation entered into an interest rate swap agreement, which meets the criteria of a cash flow hedge, with a highly rated, major U.S. financial institution (the counterparty), in order to limit its exposure to cash flow risk associated with the interest rate payments on the outstanding principal of a variable rate credit facility. (Refer to Note 11B – All Other Debt.) The interest rate swap agreement expired March 2006. During the year ended December 31, 2006, the Corporation paid $355,469 to the counterparty for settlements under the interest rate swap agreement. This amount reduced net investment income earned in the statutory statement of revenue and expenses.

In 2004, the Corporation entered into multiple interest rate swap agreements, which meet the criteria of fair value hedges, with two highly rated, major U.S. financial institutions (the counterparties) pursuant to which the Corporation synthetically converted $125,000,000 of its fixed rate Senior Notes to variable notes through maturity. (Refer to Note 11A – Senior Notes.) The interest rate swap agreements expire August 2013 and provide for the Corporation and the counterparties to exchange, on a semi-annual basis, the difference between the fixed rate (6.80%) and the variable rate interest amounts calculated by reference to the agreed-upon notional principal amount of $125,000,000. During the year ended December 31, 2006, the Corporation paid $327,948 in interest to the counterparties. This amount reduced net investment income earned in the statutory statement of revenue and expenses. At December 31, 2006, the interest rate swaps were reflected at their fair values on the statement of liabilities, capital and surplus, with a corresponding adjustment in borrowed money.

NOTES TO FINANCIAL STATEMENTS

As a result of the interest rate swap agreements referred to in the preceding paragraph, the Corporation is subject to interest rate risk and default risk. Only cash flows related to the differential in the fixed interest rates and the variable interest rates as applied to the notional amounts of the interest rate swaps are subject to interest rate risk over the term of the swap agreements. The notional amounts do not represent the amounts at risk; rather, they are used only as the basis for calculating the amounts due under the interest rate swap agreements.

9. Income Taxes

A. The tax effects of temporary differences that give rise to significant portions of deferred tax assets and liabilities are as follows:

Deferred tax assets:	12/31/2006	12/31/2005
Accrued pension & postretirement	$ 39,800,111	$ 34,638,171
General expenses due and accrued	74,275,734	52,435,564
Hospital grants	19,299,645	13,563,829

Total deferred tax assets, admitted and nonadmitted	$ 239,328,587	$ 197,097,553
Nonadmitted deferred tax assets	(10,713,323)	(77,320)
Admitted deferred tax assets	$ 228,615,264	$ 197,020,233
Deferred tax liabilities:		
Unrealized capital gains, net	$ 125,724,666	$ 90,956,141
Other	494,036	590,052
Total deferred tax liabilities	$ 126,218,702	$ 91,546,193
Net admitted deferred tax asset	102,396,562	105,474,040
Increase in deferred tax assets nonadmitted	$ 10,636,003	$ 77,320

The change in net deferred income taxes is comprised of the following (this analysis is exclusive of nonadmitted assets as the change in nonadmitted assets is reported separately from the change in net deferred income taxes in the surplus section):

	12/31/2006	12/31/2005	Change
Total deferred tax assets, admitted and nonadmitted	$ 239,328,587	$ 197,097,553	$ 42,231,034
Total deferred tax liabilities	126,218,702	91,546,193	34,672,509
Net deferred tax asset	$ 113,109,885	$ 105,551,360	7,558,525
Tax effect of net unrealized gains			34,768,525
Change in net deferred income tax			$ 42,327,050

The provision of $108,218,179 in 2006 and $114,319,663 in 2005 for incurred taxes on earnings includes only federal taxes incurred.

B. Deferred tax liabilities are not recognized for items described in SSAP No. 10, Paragraph 6d.

NOTES TO FINANCIAL STATEMENTS

C. The provision for federal and foreign income taxes incurred is different from that which would be obtained by applying the statutory federal income tax rate to income before income taxes. The significant items causing this difference are as follows:

	2006	2005
Income tax provision at statutory rates	$ 84,205,800	$ 94,994,240
Change in temporary differences recorded directly to surplus	(16,295,872)	(5,420,627)
Dividends received deduction	(2,010,134)	(1,956,366)
Increase (decrease) to tax exposure reserve	2,593,782	4,900,000
Nondeductible expenses	1,350,461	1,223,686
Tax exempt income	(743,564)	(4,865,693)
Change in prior year tax accrual	(2,235,679)	-0-
Other	(973,665)	(613,771)
Total statutory income taxes	$ 65,891,129	$ 88,261,469

	12/31/2006	12/31/2005
Federal income taxes incurred	$ 108,218,179	$ 114,319,663
Change in net deferred income taxes	(42,327,050)	(26,058,194)
Total statutory income taxes	$ 65,891,129	$ 88,261,469

D. The significant book to tax adjustments are as follows:

	Amount	Tax Effect
Accrued pension & postretirement	$ 113,714,603	35%
General expenses due & accrued	212,216,383	35%
Hospital grants	55,141,843	35%
Furniture, equipment and capitalized software	65,820,151	35%
A&H premiums due & health care receivables	156,899,597	35%
Impairment – Bonds and Stocks	24,743,069	35%
Discounting of claims unpaid	6,981,171	35%
Other	$ 48,279,146	35%

E. Income Tax Carryforwards and Carrybacks

The Corporation had no net operating loss or tax credit carryforwards at December 31, 2006.

The Tax Reform Act of 1986 (the Act) made all Blue Cross and Blue Shield organizations subject to federal income tax as of January 1, 1987. The Act included certain tax benefits designed to ease the burden of the organizations' transition to taxable status. One transition benefit was a step-up in the tax basis of all assets at January 1, 1987 to fair market value. The assets of the relevant organizations include subscriber and provider relationships, as well as assembled workforce. The Internal Revenue Service (IRS) and the Corporation have been unable to agree on the value and subsequent deductions associated with these intangible assets of the Corporation. As a result, the Corporation has filed suit in the U.S. Court of Claims. Because of the uncertainty surrounding this issue, the Corporation has not recorded any income tax benefits related to these deductions. An unfavorable result in this matter could require significant future cash expenditures by the Corporation but should have minimal, if any, impact on the statutory financial statements, as the amount of the tax-effected disallowance and interest have been fully reserved. The resolution of this matter may entail efforts which could extend over several years.

F. Consolidation of Federal Return

The Corporation files a consolidated federal income tax return with all of its corporate subsidiaries in which it holds 80% or more of the outstanding ownership interests. A listing of most of these entities is provided in Schedule Y. The Corporation has a written agreement, approved by the Corporation's Board of Directors, which sets forth the manner in which the total combined federal income tax liability of the consolidated group is allocated to each entity in the group. The agreement generally settles the consolidated federal tax liability as if each subsidiary filed a separate income tax return. Federal income tax benefits resulting from losses and credits are allocated to the entities generating such losses or credits to the extent such losses or credits are used to reduce the consolidated federal income tax liability.

NOTES TO FINANCIAL STATEMENTS

10. Information Concerning Parent, Subsidiaries and Affiliates

A, B, C & F Transactions Related to Subsidiaries, Controlled and Affiliated Entities (SCAs)

The Corporation has transactions in the normal course of business with its subsidiaries and affiliates. The Corporation's for-profit and nonprofit subsidiaries and affiliates offer life insurance, stop-loss insurance, health insurance, long-term and short-term disability insurance, dental insurance, fully integrated eye care services, wholesale eyewear design and distribution services, services through HMOs, real estate management services and third-party and other administrative services. Common related party transactions include those related to the provision of investment services, asset management, legal services, rental property management, administration of employee benefits and payroll, data and claims processing and normal management of operations.

At December 31, 2006, the Corporation held a $20,000,000 surplus note and a $10,000,000 surplus note from HM Life Insurance Company and Highmark Casualty Insurance Company, respectively, two indirect wholly owned subsidiaries. The surplus notes bear interest at a rate equal to two percentage points above the yield on five-year U.S. Treasury notes as of December 1 of each year. Interest is payable by the applicable subsidiary only from unassigned surplus of the subsidiary and if the subsidiary's risk-based capital (RBC) is 300% or greater, or an amount in excess of any equivalent measure is achieved if RBC is no longer an acceptable measurement standard. Each subsidiary must redeem its note on or before December 9, 2033.

At December 31, 2006, the Corporation held a $12,000,000 surplus note from HealthGuard of Lancaster, Inc. (HealthGuard), a wholly owned subsidiary HMO. The admitted value of this nonrated surplus note was $12,000,000 at December 31, 2006. The surplus note bears interest at a rate equal to one percentage point above the yield on five-year U.S. Treasury notes as of December 1 of each year. HealthGuard must redeem the note on or before November 12, 2009.

In December 2006, the Corporation purchased a $500,000 surplus note from HMO of Northeastern Pennsylvania, Inc., d/b/a First Priority Health (FPH), a nonprofit health maintenance organization, 40.0% of the stock of which is held by the Corporation. At December 31, 2006, the Corporation holds an aggregate of $15,820,000 in surplus notes from FPH. Interest on these surplus notes is payable annually at 6.50%; provided that no interest is payable until FPH and First Priority Life Insurance Company, Inc. (FPLIC), a for-profit corporation 40.1% of the stock of which is held by the Corporation, achieve a combined health RBC percentage of at least 700% for six consecutive calendar quarters. No payments on any of the surplus notes may be made without the approval of the Department.

In August 2006, HVHC Inc. (HVHC), a wholly owned subsidiary, acquired ECCA Holdings Corporation, the parent corporation of Eye Care Centers of America, Inc. (ECCA), a San Antonio, Texas-based retail optical chain, for $317,151,754 (equity value). The Corporation contributed $225,000,000 of capital to HVHC to assist HVHC in funding this acquisition.

In July 2006, the Corporation sold its 48.38% ownership interest in Medmark Holdings Inc. for $51,226,025 and realized a gain of $37,430,930. Medmark Holdings Inc. owns all the issued and outstanding stock of Medmark Inc., a specialty pharmacy distribution company (Medmark), headquartered in Pittsburgh. The Corporation may be entitled to additional consideration, subject to Medmark's meeting certain financial targets measured through March 2007.

In February 2006, the Department approved a capital contribution of $1,000,000 to Highmark Senior Resources Inc. (HSR), a wholly owned subsidiary, to be recorded as a payable to HSR in the statutory statement of liabilities, capital and surplus at December 31, 2005. This capital contribution was made by the Corporation in February 2006. Additional capital contributions to HSR of $31,000,000 were made in 2006. These capital contributions were necessary for HSR to maintain the minimum statutory net worth requirements in Pennsylvania and to maintain an RBC ratio greater than the NAIC Company Action Level.

D. Related Party Receivables and Payables

Related party admitted receivables were $62,647,779 and $37,652,265 at December 31, 2006 and 2005, respectively, while related party payables at December 31, 2006 and 2005 were $30,483,949 and $45,946,985, respectively. Admitted related party receivables consist of receivables from subsidiaries and affiliates.

E. Commitments and Contingencies to SCAs

In connection with the acquisition of ECCA in August 2006, HVHC refinanced a revolving credit facility (formerly $100,000,000 available) with a new group of lenders. The Corporation, which guaranteed the previous credit facility, is not a guarantor of the new facility.

NOTES TO FINANCIAL STATEMENTS

In June 2006, the Corporation recorded a five-year $100,000,000 commitment to the Highmark Foundation to fund education, communications, community activities, grants and programming to promote healthy behaviors in children and adolescents. In 2006, the Corporation paid $20,000,000 of the commitment to the Highmark Foundation; the remaining liability was recorded in aggregate write-ins for other liabilities on the statutory statement of liabilities, capital and surplus, and in aggregate write-ins for other income or expenses on the statutory statement of revenue and expenses, at a net present value of $71,729,017.

The Corporation has guaranteed a $15,000,000 revolving credit facility from a third party lender in favor of United Concordia Companies, Inc. (UCCI), a wholly owned subsidiary. At December 31, 2006, there were no amounts outstanding under the credit facility.

The Corporation has entered into a guarantee agreement with the United States Department of Defense – TRICARE Management Activity pursuant to which the Corporation guarantees the performance of UCCI under the TriCare Dental Plan contract awarded to UCCI effective February 2006.

In 2005, the Corporation agreed to contribute an additional $19,970,600 in capital to FPLIC in connection with an agreement to acquire a 40.1% interest in that company. The remaining contributions will be made commencing six months after FPLIC products have been introduced into the market.

The Corporation holds a 24% direct interest and a 76% indirect interest in Jenkins-Empire Associates, a limited partnership, which owns the Corporation's corporate headquarters. The partnership is obligated on a fifteen-year note, due August 2008, which bears interest at 6.84% and requires monthly payments of principal and interest of $1,076,787. The note is secured by the headquarters building and by an assignment of rents receivable by the partnership. At December 31, 2006, $19,089,183 was outstanding on this note.

The Corporation has extended a revolving credit facility in the amount of $19,000,000 to UCCI, a line of credit in the amount of $5,000,000 to SPC and a line of credit in the amount of $1,500,000 to a majority owned subsidiary, Industrial Medical Consultants, Inc. At December 31, 2006, $0, $1,000,000 and $1,500,000, respectively, were outstanding under these arrangements.

The Corporation has provided a $10,000,000 surplus note credit facility to Highmark West Virginia Inc., d/b/a Mountain State Blue Cross & Blue Shield (MSBCBS). At December 31, 2006, there were no amounts outstanding under the credit facility.

At December 31, 2006, the Corporation was obligor on behalf of a wholly owned subsidiary, HCI, Inc., with respect to two letters of credit in the aggregate amount of $1,822,645.

In order to comply with requirements of the Blue Cross and Blue Shield Association (BCBSA), the Corporation has agreed to guarantee the contractual and financial obligations of the customers of MSBCBS. The claims liabilities of MSBCBS were $70,325,048 at December 31, 2006. If MSBCBS ceases operations for any reason, the Corporation must offer or arrange for the offering of Blue Cross and/or Blue Shield coverage to all MSBCBS subscribers without exclusions, limitations or conditions based on health status.

The Corporation has issued guarantees for all customer-related contractual and financial obligations of Keystone Health Plan West, Inc. (KHPW), a wholly owned subsidiary HMO, HealthGuard, HSR, FPH, FPLIC and HM Health Insurance Company (HHIC). These guarantees satisfy a requirement of BCBSA related to the use of the registered Blue Cross and Blue Shield service marks by controlled affiliates and/or the requirements of the Centers for Medicare & Medicaid Services (CMS) pertaining to Medicare Risk HMOs. The Corporation's share of the combined customer obligations of KHPW, HSR and FPH was $200,424,741 at December 31, 2006. HealthGuard, FPLIC and HHIC had no customer obligations outstanding at such date. If KHPW, HealthGuard, FPH or FPLIC ceases operations, the Corporation must offer Blue Cross and/or Blue Shield coverage to all subscribers of that company without exclusions, limitations or conditions based on health status.

In August 2004, the Corporation entered into a Guaranty Agreement with HealthGuard in connection with the withdrawal of HealthGuard products from the market. The Corporation guaranteed that, until the date on which HealthGuard ceases to be licensed as an HMO in Pennsylvania, HealthGuard will maintain statutory capital and surplus in an amount not less than $1,000,000. The Guaranty Agreement may not be amended without the prior written approval of the Department.

SPC leases office space from an unrelated third party and then subleases that space to the Corporation. The lease, which runs through December 2011, requires annual lease payments of approximately $7,900,000 and is guaranteed by the Corporation.

11. Debt

A. Senior Notes

In August 2003, the Corporation issued $375,000,000 of unsecured Senior Notes (the Notes) at an interest rate of 6.80%. Interest is payable semiannually in February and August of each year. The Notes are scheduled to mature August 2013 and can be redeemed at any time in whole or in part by the Corporation. The Notes are recorded net of unamortized discount and valued at $374,433,218 at December 31, 2006. During 2006, the Corporation paid $15,937,500 of the current year interest expense. The Notes are subject to certain restrictive covenants, which include limitations on liens and disposition of stock of certain subsidiaries. The Corporation was in compliance with all its covenants at December 31, 2006.

B. All Other Debt

Prior to June 2006, the Corporation was party to a secured revolving credit facility from a financial institution with maximum availability of $125,000,000. In May 2006, the Corporation repaid the outstanding balance and, in June 2006, terminated the facility. For the year ended December 31, 2006, the Corporation paid interest of $2,230,751 on the facility.

In March 2006, the Corporation renewed a revolving credit agreement with a financial institution with a maximum draw availability of $35,000,000. The agreement expires March 2007. Amounts outstanding under the credit facility bear interest at prevailing interest rates. At December 31, 2006, there was $35,000,000 outstanding under this facility.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

A. Defined Benefit Plans

The Corporation sponsors a non-contributory defined benefit pension plan (the pension plan) which covers all eligible employees of the Corporation meeting certain age and service requirements and certain employees of the Corporation's participating subsidiaries and affiliates. The Corporation's policy is to fund its pension plan according to the limits specified by the Employee Retirement Income Security Act of 1974, as amended. From time to time, the Corporation may contribute additional amounts to the pension plan as it deems appropriate, subject to funding limitations. During 2007, the Corporation expects to contribute between $50,000,000 and $55,000,000 to the pension plan for the 2007 plan year depending on completion of the 2007 actuarial valuation.

The Corporation also sponsors a defined benefit other postretirement plan (other postretirement plan) which provides various postretirement health and life insurance benefits to the Corporation's retirees and certain retirees of the Corporation's participating subsidiaries.

Other postretirement benefit costs are recognized in the statutory financial statements during the employees' credited service period. Corporation contributions for other postretirement coverage vary based on age and length of service at retirement. The Corporation uses a Voluntary Employees' Benefit Association (VEBA) trust to fund the other postretirement plan. VEBA funding contributions are determined using Entry Age Actuarial Cost as the acceptable actuarial method. The Corporation also expects to make a voluntary contribution of $15,000,000 to the other postretirement plan depending upon completion of the 2007 actuarial valuation.

The Corporation uses a measurement date of December 31, 2006 for its plans.

NOTES TO FINANCIAL STATEMENTS

The funded status of the pension and other postretirement plans and amounts recognized as other liabilities and accrued expenses in the statements of admitted assets, liabilities and surplus at December 31, 2006 and 2005 were as follows:

The assumptions used in the measurement of the Corporation's benefit obligations were as follows:

Weighted-average assumptions at December 31:

	Pension Plan		Other Postretirement Plan	
	2006	2005	2006	2005
Discount rate	6.00%	5.50%	6.00%	5.50%

The following table provides the components of net periodic benefit cost for the plans for the years ended December 31, 2006 and 2005:

Components of net periodic benefit cost

	Pension Plan		Other Postretirement Plan	
	2006	2005	2006	2005
Service cost	$62,343,157	$56,523,346	$5,857,259	$6,217,393

Net periodic benefit cost	$77,023,257	$67,167,745	$10,548,464	$12,277,779

NOTES TO FINANCIAL STATEMENTS

The assumptions used in the measurement of the Corporation's net periodic benefit cost were as follows:

Weighted average assumptions used to determine net periodic benefit cost as of December 31	Pension Plan		Other Postretirement Plan	
	2006	2005	2006	2005
Discount rate	6.00%	5.50%	6.00%	5.50%
Expected return on plan assets	8.00%	8.00%	5.25%	5.25%
Rate of compensation increase	select graded rates	select graded rates	N/A	N/A

There were no amounts recorded in unassigned funds on the statutory statement of liabilities, capital and surplus for the years ended December 31, 2006 and December 31, 2005, respectively, that resulted from a change in additional minimum liabilities.

The expected return on pension plan assets is developed using inflation expectations and risk factors to arrive at a long-term nominal expected return for each asset class. The nominal expected return for each asset class is then weighted based on the target asset allocation to develop the expected long-term rate of return on plan assets. The expected return on other postretirement plan assets is developed based on historical returns and the future expectations for returns for each asset class as well as the asset allocation of the other postretirement plan assets.

For measurement purposes at December 31, 2006, the assumed annual rate of increase in the per capita cost of covered health care benefits for the other postretirement plan is 9.0% in 2007, gradually decreasing to 5% by the year 2015.

Assumed health care cost trend rates have a significant effect on the amounts reported for the other postretirement plans. A one percentage point change in assumed health care cost trend rates would have the following effects:

	One-Percentage-Point Increase	One-Percentage-Point Decrease
Effect on total of service and interest cost components	$1,500,000	$(1,400,000)
Effect on postretirement benefit obligation	$13,100,000	$(11,800,000)

Estimated benefit payments, which reflect future services as appropriate, are expected to be paid in the following years:

	Pension Benefits	Other Postretirement Benefits
2007	$21,232,702	$7,600,000
2008	23,012,388	7,900,000
2009	25,889,564	8,500,000
2010	29,318,600	9,100,000
2011	33,525,902	9,800,000
2012-2016	246,726,126	56,700,000

The asset allocation for the pension plan at December 31, 2006 and 2005, by asset category, and the targeted asset allocation, presented as a percentage of total plan assets were as follows:

Weighted-average asset allocation, by asset category	2006	2005	Targeted Range
Equity securities (U.S.)	34.20%	36.20%	36-40%
International equity	16.40%	15.50%	11-19%
Emerging markets equity	4.50%	4.10%	0-6%
Domestic fixed income	25.90%	27.40%	29-35%
High yield fixed income	6.50%	6.70%	0-14%
Emerging markets fixed income	4.80%	5.10%	0-10%
Cash and short term investments	7.70%	5.00%	
Total	100.00%	100.00%	

The primary investment objective for the assets of the pension plan is to achieve maximum rates of return commensurate with safety of principal, given the asset mix, credit quality and diversification guidelines and restrictions approved by the Investment Committee of the Board of Directors of the Corporation. The pension plan asset allocation is reviewed quarterly to determine whether the portfolio mix is within an acceptable range of the target allocation. Target asset allocations are based on asset and liability studies with the goal to enhance the expected return of the pension portfolio while maintaining acceptable levels of risk.

NOTES TO FINANCIAL STATEMENTS

The asset allocation for the other postretirement plan at December 31, 2006 and 2005, by asset category, was as follows:

Weighted average asset allocation, by asset category:	2006	2005
Balanced fund	65.04%	91.38%
Cash and short-term investments	34.96%	8.62%
Total	100.00%	100.00%

The primary investment objective for the assets of the other postretirement plan is to achieve maximum rates of return commensurate with safety of principal, credit quality, diversification and adequate liquidity. Excluding cash and cash equivalents, the investment goal is to outperform an unmanaged hybrid index, 60% of which is the Standard & Poor's 500 Composite Stock Price Index and 40% of which is the Lehman Brothers Aggregate Bond Index. The performance of the portfolio is reviewed periodically to determine the most effective structure of the assets and investment managers to achieve these objectives.

The Corporation also sponsors unfunded nonqualified supplemental retirement plans (the supplemental retirement plans) covering certain eligible employees. The weighted-average assumptions used in the measurement of the supplemental retirement plans benefit obligation and net periodic benefit obligation and net period benefit cost are consistent with the assumptions used in the measurement of pension plan benefits. As a result of the Corporation's supplemental retirement plans' accumulated benefit obligation exceeding the net supplemental retirement plan liability recognized on the statutory statement of liabilities and surplus at December 31, 2006 and 2005, the Corporation recorded additional minimum pension liabilities of $6,957,952 and $12,550,137, respectively, in general expenses due or accrued in the statutory statement of liabilities and surplus.

B. Defined Contribution Plans

The Corporation sponsors a defined contribution savings plan (the savings plan) covering substantially all of its employees and employees of certain participating subsidiaries. The savings plan allows participating employees to contribute a percentage of their annual salary, subject to current IRS limitations. Employee contributions are matched by the Corporation at various percentages. The Corporation's contributions to the savings plan were $9,982,256 and $9,440,244 in 2006 and 2005, respectively.

The Corporation also sponsors deferred compensation plans for certain eligible employees. Participating employees may contribute a certain amount of their annual compensation to the plans. The Corporation matches a portion of those deferrals and pays interest on those deferrals at various rates. The Corporation made matching contributions to the deferred compensation plans of $307,508 and $303,143 in 2006 and 2005, respectively. Deferred compensation plan liabilities of $41,285,518 and $36,497,000 were recognized in other liabilities and accrued expenses in the statutory statements of liabilities and surplus at December 31, 2006 and 2005, respectively.

13. Capital and Surplus, Dividend Restrictions and Quasi-Reorganizations

The Corporation is a non-stock, nonprofit corporation. The Corporation had no outstanding surplus notes at December 31, 2006. The Corporation's cumulative net unrealized gains represent $382,240,128 and $318,213,849 of surplus at December 31, 2006 and 2005, respectively.

14. Contingencies

A. Contingent Commitments

At December 31, 2006, the Corporation had committed $15,498,780 to various limited partnership investments. These commitments are due upon capital calls by the general partners of the partnerships. The Corporation also had various contingent commitments relating to certain SCAs. (Refer to Note 10E – Commitments and Contingencies to SCAs.)

NOTES TO FINANCIAL STATEMENTS

B. Assessments

None.

C. Gain Contingencies

None.

D. All Other Contingencies

Because the Corporation is not eligible to participate in a Pennsylvania-sponsored guarantee fund, it has established and funded a trust in the amount of its claims liability in order to meet a licensing requirement of BCBSA. The admitted value of the contributed assets in the trust was $267,409,296 at December 31, 2006.

The Corporation is a defendant in two class action lawsuits brought by physicians, chiropractors and other professional providers, together with state medical societies and other professional organizations, against BCBSA and various Blue Cross and Blue Shield licensees alleging intentional delay in payment, non-payment and underpayment to providers. In addition, the Corporation, along with Keystone Health Plan Central, Inc. (KHPC) and Capital Blue Cross, is a defendant in a class action lawsuit brought by a provider in the KHPC network alleging conspiracy among the defendants to intentionally underpay providers. In December 2006, this lawsuit was certified as a class action. The Corporation is unable to predict the outcome of these matters and, although the Corporation's financial statements contain a provision for potential liability, an unfavorable outcome in these matters could have a material adverse impact on the financial position of the Corporation.

The Corporation is a defendant in a class action lawsuit alleging violation of the Pennsylvania Nonprofit Corporation Law and breach of subscriber contracts by reason of its maintenance of allegedly "excessive" surplus. Based on a decision of the Commonwealth Court of Pennsylvania (Commonwealth Court) in a similar case filed against Independence Blue Cross (IBC), the trial court dismissed this action, which dismissal was affirmed by the Commonwealth Court. The Commonwealth Court's decision has been appealed to the Pennsylvania Supreme Court, which has stayed the matter pending disposition of the IBC case. In November 2006, the Supreme Court reversed the Commonwealth Court in the IBC case and remanded it to the Commonwealth Court for further consideration. The Supreme Court has taken no further action with regard to the lawsuit against the Corporation. The Corporation believes, based on consultation with legal counsel, that it has meritorious defenses to this matter. However, it is unable to predict the outcome of the matter, or to reasonably estimate a range of possible loss, given the current status of the matter. An unfavorable outcome in this matter could have a material adverse impact on the financial position of the Corporation.

In December 1996, certain parties filed a petition in the Commonwealth Court for review of a November 1996 Order of the Commissioner related to the consolidation of Medical Services Association of Pennsylvania (d/b/a Pennsylvania Blue Shield) and Veritus Inc. (d/b/a Blue Cross of Western Pennsylvania) to form the Corporation. The Commonwealth Court transferred the proceeding to the Department to consider the parties' standing to challenge the order and, if it concluded that they had standing, to conduct a hearing to resolve any factual disputes. In January 1999, the Commissioner issued an order dismissing the petition to the extent it raised issues with respect to the consolidation and limiting the proceeding to consideration of the change in control of the domestic insurance subsidiaries of the Corporation, the certificates of authority of the Corporation to operate both a nonprofit hospital plan and professional health services plan, and the Corporation's bylaws and governance. In December 2002, the Department conducted a hearing on this matter. In May 2006, the Commissioner issued an Adjudication and Order dismissing the challenge to the November 1996 Order. Petitions for review of the May 2006 Adjudication and Order have been filed in the Commonwealth Court. The Corporation believes, based on consultation with legal counsel, that it has meritorious defenses to this matter. However, it is unable to predict the outcome of the matter, or to reasonably estimate a range of possible loss, given the current status of the matter. An unfavorable outcome in this matter could have a material adverse impact on the Corporation.

The Corporation is subject to various other contingencies, including legal and compliance actions and proceedings that arise in the ordinary course of its business. Due to the complex nature of these actions and proceedings, the timing of the ultimate resolution of these matters is uncertain. In the opinion of management, based on consultation with legal counsel, adequate provision has been made in the financial statements for the liability related to these matters, and the amount of ultimate liability with respect to these contingencies is not expected to materially affect the financial position of the Corporation.

NOTES TO FINANCIAL STATEMENTS

15. Leases

A. Lessee Operating Leases

The Corporation leases office equipment, computer equipment and office space under various non-cancelable operating lease agreements running through 2008 and thereafter. The leases are also subject to various renewal options and extensions. Total rental expense under these leases for the years ended December 31, 2006 and 2005 was $45,243,734 and $40,587,155, respectively. Future minimum rental payments for the next five years under the leases are as follows for the years ending December 31:

2007	$53,304,611
2008	$29,815,263
2009	$28,421,283

The net loss from operations from ASC uninsured plans and third party administration for the year ended December 31, 2006 was as follows:

a. Gross reimbursement for medical costs incurred	$4,505,303,325
b. Gross administrative fees reimbursed	482,397,741
c. Other income or expense	-0-
d. Gross expenses incurred (claim and administrative)	(5,001,458,910)
e. Total net loss from operations	$ (13,757,844)

The gain from operations from network access fees and claims processing arrangements for the year ended December 31, 2006 was $44,268,183.

C. Medicare Contract

For the year ended December 31, 2006, the Corporation processed claims of $14,504,221,114 on behalf of the Medicare program. Medicare claims are paid from the Medicare trust fund and are not included in the statutory statements of revenue and expenses. Reimbursement of expenses related to the Medicare program for the year was $78,427,152 and is included as a reduction to general administrative expenses in the statutory statements of revenue and expenses.

At December 31, 2005, the Corporation had recorded a receivable from CMS in the amount of $10,514,377.

In connection with the an audit of the Corporation's Medicare contract in fiscal years 1992 through 2002, the Corporation recorded a receivable and corresponding accrual to revenue of $1,142,696 at December 31, 2006. There were no adjustments to revenues resulting from audit of receivables related to revenues recorded for the year ended December 31, 2005.

In February 2005, the Insurance Commissioner issued a Determination and Order that an appropriate sufficient operating surplus range for the Corporation is 550% - 750% of the health RBC ratio or the Department's consolidated risk factor ratio, whichever is lower. As long as the Corporation operates above the 550% ratio, the Corporation will not be permitted to include a risk and contingency factor in its filed premium rates. If the Corporation's ratio exceeds 750%, it will be required to justify its surplus level and could be required to submit a plan to bring its surplus within the designated appropriate sufficient operating surplus range. At December 31, 2006 and 2005, the Corporation's health RBC ratios were within the appropriate sufficient operating surplus range of the Department.

In February 2005, the Corporation entered into a six-year Community Health Reinvestment Agreement with the Department, which established the Corporation's annual Community Health Reinvestment (CHR) commitment based on certain Pennsylvania direct written health premiums and quantified the Corporation's minimum social mission commitment at approximately $94,500,000 and $90,000,000 for 2006 and 2005, respectively. Sixty percent of the CHR will be directed by Pennsylvania and dedicated to programs for uninsured persons of low income. Forty percent of the CHR will be directed by the Corporation, subject to approval by the Department, and dedicated to permitted community endeavors. The Corporation recorded a Pennsylvania-directed net obligation of $62,028,255 and $53,104,671 in other expense at December 31, 2006 and 2005. These amounts were calculated based on certain historical Pennsylvania direct written health premiums and are net of the estimated amounts of certain credits. The estimated receivable for such credits was $86,564 and $842,499 at December 31, 2006 and 2005, respectively.

In February 2006, the Corporation entered into agreements with IBC pursuant to which the Corporation agreed to transfer ownership of HSR to a holding company that will be owned 50% by the Corporation and 50% by AmeriHealth Inc., a subsidiary of IBC (AmeriHealth). AmeriHealth will simultaneously contribute to the holding company a company that, like HSR, offers Medicare Part D prescription drug products in Pennsylvania and West Virginia. Consummation of the transactions is subject to various conditions and approvals, including approval by the Department.

In March 2004, the Corporation agreed to purchase, upon request of UPMC, a $163,600,000 Allegheny County Industrial Development Authority hospital revenue note for the benefit of Children's Hospital of Pittsburgh of UPMC Health System (Children's). In December 2006, the Corporation purchased the note and made an initial advance thereunder to Children's in the amount of $80,000,000. Children's has advised the Corporation that it intends to draw the remaining balance of the note in June 2007. Amounts outstanding under the note from time to time bear interest at an annual rate of 5.00% (tax-exempt). The note is secured by a mortgage and a gross revenues pledge from Children's and a guarantee secured by a gross revenues pledge by UPMC. The note requires the payment of semi-annual interest only until April 2010, at which time principal installments also begin to become due. The note matures October 2032. The Corporation recorded the initial advance to Children's under the note as an investment in debt securities in the statutory statement of assets.

D. Uncollectible Receivable Balances

At December 31, 2006 and 2005, the Corporation had admitted assets of $322,897,634 and $248,575,705 respectively, in accounts receivable for insured and uninsured plans. The Corporation routinely assesses the collectibility of these receivables. Based upon the Corporation's experience, less than 1% of the balance may become uncollectible, and the potential loss is not material to the Corporation's financial condition.

NOTES TO FINANCIAL STATEMENTS

23. Reinsurance

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

1. There are no non-affiliated reinsurers listed in Schedule S that are owned in excess of 10% or controlled directly or indirectly by the Corporation or any representative, officer, trustee or director of the Corporation.

2. No policies issued by the Corporation have been reinsured with a company chartered in a country other than the United States that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor of an insured or any other person not primarily engaged in the insurance business.

Section 2 – Ceded Reinsurance Report – Part A

1. The Corporation has no reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credit matters.

2. The Corporation has no reinsurance agreements in effect such that the amount of losses paid or accrued through December 31, 2006 may result in a payment to the reinsurer of amounts that, in the aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsurance policies.

Section 2 – Ceded Reinsurance Report – Part B

1. The estimated amount of the aggregate reduction in surplus of termination of all reinsurance agreements by either the Corporation or the reinsurers as of December 31, 2006 is not expected to have a material impact on the Corporation’s statutory surplus.

2. No new agreements have been executed and no existing agreements have been amended since January 1, 2006 to include policies or contracts that were in force or which had existing reserves established by the Corporation as of the effective date of the agreement.

B. Uncollectible Reinsurance

None.

C. Commutation of Ceded Reinsurance

None.

24. Retrospectively Rated Contracts & Contracts Subject to Redetermination

The Corporation estimates retrospective premium adjustments to earned premium for its group health insurance business by examining each group's activity and applying the appropriate contractual limitations. For the year ended December 31, 2006, the Corporation's net premiums written that were subject to retrospective rating features were $283,901,834, which represents 6.05% of total net premiums written. No other net premiums written by the Corporation are subject to retrospective rating features.

25. Change in Incurred Claims and Claim Adjustment Expenses

Reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased during 2006 by $108,606,860 and approximately $7,075,655, respectively, as a result of re-estimation of unpaid claims and claim adjustment expenses. The re-estimation decrease was generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased as additional information becomes known regarding individual claims. Favorable prior year claim development on retrospectively rated policies did not result in a significant impact on surplus because such policies are subject to premium adjustments.

26. Intercompany Pooling Arrangements

None.

27. Structured Settlements

Not applicable to health insurance companies.

Statement of Actuarial Opinion

Highmark Inc.

I, Mark F. St. George, am associated with the firm of PricewaterhouseCoopers LLP. I am a Fellow of the Society of Actuaries and also a Member of the American Academy of Actuaries. I have been retained by Highmark Inc. (the Company) to render this opinion. I meet the American Academy of Actuaries Qualification Standards for Statements of Actuarial Opinion for Health Insurance Organizations and am familiar with the valuation requirements applicable to life and health insurance companies.

I have examined the actuarial assumptions and actuarial methods used in determining reserves and related actuarial items listed below, as shown in the Annual Statement of the Company, as prepared for filing with the state regulatory officials as of December 31, 2005. I relied upon records, summaries, and other supporting data prepared by responsible officers and employees of the company. In other respects, my examination included such review of the actuarial assumptions and actuarial methods and such tests of the actuarial calculations as I considered necessary.

A.	Claims Unpaid (Reported and Unreported):	$ 352,038,418
B.	Accrued medical incentive pool and bonus payments:	$ 0
C.	Unpaid claims adjustment expenses:	$ 10,816,228
D.	Other policy and contract reserves:	$ 0
E.	Experience rated refunds:	$ 0
F.	Any actuarial liabilities included in "Aggregate write-ins for other liabilities" line on the Liabilities page of the balance sheet:	$ 0

In my opinion the reserves and related actuarial items identified above:

- are computed in accordance with presently accepted actuarial standards consistently applied and are fairly stated, in accordance with sound actuarial principles;
- are based on actuarial assumptions which produce reserves at least as great as those called for in any contract provision as to reserve basis and method, and are in accordance with all other contract provisions;
- meet the requirements of the valuation law and regulations of the Commonwealth of Pennsylvania and are at least as great as the minimum aggregate amounts required by the state in which this statement is filed;
- are computed on the basis of actuarial assumptions and methods consistent in all material respects with those used in computing the corresponding items in the Annual Statement of the preceding year-end; and
- include appropriate provision for all reserves and related actuarial items which ought to be established.

The reserves and related actuarial items, when considered in light of the assets held by the company with respect to such reserves and related actuarial items including, but not limited to, the investment earnings on such assets, and the considerations anticipated to be received and retained under such policies and contracts, make adequate provision, according to presently accepted actuarial standards of practice, for the anticipated cash flows required by the contractual obligations and related expenses of the company.

The actuarial methods, considerations and analyses used in forming my opinion conform to the appropriate Standards of Practice as promulgated from time to time by the Actuarial Standards Board, which standards form the basis of this statement of opinion. I certify that the items above have been determined appropriately; however, because future events frequently do not occur exactly as expected, there are usually differences between expected and actual results.

This opinion is updated annually as required by statute. To the best of my knowledge, there have been no material changes from the applicable date of the annual statement to the date of the rendering of this opinion which should be considered in reviewing this opinion.

Respectfully submitted,
PricewaterhouseCoopers LLP

NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of Highmark Inc. (the Corporation) are presented on the basis of accounting practices prescribed or permitted by the Pennsylvania Insurance Department (the Department). The Department recognizes only statutory accounting practices prescribed or permitted by the Commonwealth of Pennsylvania for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under Pennsylvania insurance law and regulations. The National Association of Insurance Commissioners' Accounting Practices and Procedures Manual version effective January 1, 2001 as amended March 2003 (SAP) has been adopted as a component of prescribed or permitted practices by Pennsylvania. The Pennsylvania Insurance Commissioner (the Insurance Commissioner) has the right to permit other specific practices that deviate from prescribed practices.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with SAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policies

For investments and related income, the policies are as follows. Short-term investments, including Class 1 and credit exempt money market accounts and securities having a maturity of less than one year at date of purchase, are included in cash equivalents. Bonds are carried at amortized cost using the effective interest method. In general, investments in common stocks and preferred stocks are carried at market value, as determined by quoted or estimated market values based on similarly quoted securities. Investments in stocks of insurance subsidiaries and affiliates are recorded based on the statutory equity of the respective entity's financial statements. Investments in stocks of non-insurance unconsolidated subsidiaries and affiliates in which the Corporation has an interest of 20% or more are accounted for under the equity method, with net income from subsidiaries and affiliates recorded as unrealized gains. Unaudited subsidiary and affiliate investments are nonadmitted in the statutory financial statements. Dividends from subsidiaries are recorded as investment income when declared. Mortgage loans are recorded at the amount of the unpaid principal balance, which approximates fair value. Real estate occupied by the Corporation is recorded at book value, which is the actual cost of the property, plus capitalized improvements, less depreciation. Other invested assets, consisting primarily of investments in partnerships, notes receivable and deferred compensation trust funds, are accounted for under the equity method and are carried at market value. Realized gains and losses on the sale of investments are determined using the specific identification method and are included in the statutory statements of operations.

The Corporation estimates pharmacy rebate receivables based on actual prescriptions filled and the terms of the rebate contracts for the most recent three months. For prior months, the Corporation records the actual amounts that have been invoiced or confirmed in writing with the pharmaceutical companies.

The Corporation establishes a premium deficiency reserve (PDR) when the future claims expense and related maintenance costs are expected to exceed future subscriber premiums and investment income of contracts in force for a given line of business or product grouping. A PDR is recorded net of amortization and included in aggregate policy reserves on the statutory balance sheets and in underwriting expenses on the statutory statement of revenue and expenses.

The liability for claims outstanding is an actuarial estimate based on historical claims paid data modified for current conditions and coverage changes. The methods to determine the estimate of incurred but not reported claims use past experience adjusted for current trends. The methods and assumptions are continually reviewed and any resulting adjustments are included in current operations. Corresponding administrative costs to process unreported claims are estimated and accrued.

The Corporation's revenues from operations consist of premium revenue on underwritten business. The Corporation recognizes premiums ratably over the period of the related insurance policy or contract period.

Management services revenue includes fees for the administration of uninsured employer/group plans and third party processing arrangements. Management services revenue is reported net of general administrative expenses and is recognized in the period the related services are performed. The Corporation is not at risk for the underwriting of the uninsured activity and, accordingly, the Corporation records the revenue, claims expense and administrative expenses on a net basis. Third party administration fees are earned and recognized at the time services under the applicable contract are performed.

2. Accounting Changes and Correction of Errors

NOTES TO FINANCIAL STATEMENTS

A. Material Changes in Accounting Principle and/or Correction of Errors

None.

3. Business Combinations and Goodwill

A. Statutory Purchases

In April 2005, the Corporation contributed $15,000,000 for stock and purchased a $15,000,000 surplus note in a nonprofit health maintenance organization (HMO), HMO of Northeastern Pennsylvania, Inc., d/b/a First Priority Health (FPH); and purchased a minority (40.1%) interest in a for-profit life insurance company, First Priority Life Insurance Company, Inc. (FPLIC), for $4,029,400. These transactions were effected in accordance with an agreement previously entered into with Hospital Service Association of Northeastern Pennsylvania d/b/a Blue Cross of Northeastern Pennsylvania (BCNEPA) and FPH and FPLIC, respectively. These companies offer, or will offer, health insurance and related products and services to customers in BCNEPA's service area of northeastern Pennsylvania. These transactions were accounted for under the statutory purchase method and resulted in recognition of $4,874,913 in goodwill related to FPH. Goodwill amortization related to the year ended December 31, 2005 was $324,994.

In August 2005, the Corporation acquired all the issued and outstanding stock of Trigon Health and Life Insurance Company, subsequently renamed HM Health Insurance Company (HM Health), for $16,248,515. HM Health is a Virginia domestic insurance company licensed to underwrite coverage in 47 jurisdictions. Assets consist of cash equivalents and debt securities of $13,235,610, intangible assets relating to the insurance licenses of $2,850,000, and interest and other receivables of $298,535, offset by liabilities acquired of $135,630.

B. Statutory Mergers

None.

C. Assumption Reinsurance

None.

D. Impairment Loss

None.

4. Discontinued Operations

None.

5. Investments

A. Mortgage Loans

At December 31, 2005, the Corporation had a total recorded investment in mortgage loans of $1,931,266. There were no new loans in 2005. At December 31, 2005, there were no impaired loans or loans with interest more than 180 days past due. The maximum percentage of any one loan to the value of security at December 31, 2005, exclusive of insured or guaranteed or purchase money mortgages, was 23.7%.

B. Debt Restructuring

None.

C. Reverse Mortgages

None.

D. Loan-Backed Securities

The Corporation states its loan-backed securities using the amortized cost method. In addition, the Corporation uses the retrospective adjustment method regarding prepayment assumptions, which were obtained from broker dealer survey values. The Corporation has no loan-backed securities that were acquired prior to January 1, 1994. The Corporation has incurred no negative yield situations regarding the use of retrospective adjustment method.

NOTES TO FINANCIAL STATEMENTS

E. Reverse Repurchase Agreements

None.

F. Real Estate

None.

6. Joint Ventures, Partnerships and Limited Liability Companies

A. Joint Ventures, Partnerships and Limited Liability Companies that exceed 10% of Admitted Assets

The Corporation had no investments in joint ventures, partnerships or limited liability companies that exceeded 10% of its admitted assets at December 31, 2005.

B. Impairment write-downs on Joint Ventures, Partnerships, Limited Liability Companies and Other Invested Assets during 2005

The Corporation did not recognize impairments on investments in joint ventures, partnerships, limited liability companies or other invested assets during 2005.

7. Investment Income

A. Bases for excluding due and accrued investment income from statutory surplus

Investment income due and accrued is excluded from the statutory financial statements for all interest on mortgage loans in default where such interest is 180 days past due and for all other investment income due on any invested asset that is 90 days or more past due.

B. Amounts excluded from the Corporation's statutory surplus at December 31, 2005

There were no amounts excluded from the Corporation's statutory surplus for investment income at December 31, 2005.

8. Derivative Instruments

A. Interest Rate Swap Agreements

In 2001, the Corporation entered into an interest rate swap agreement, which meets the criteria of a cash flow hedge, with a highly rated, major U.S. financial institution (the counter-party), in order to limit its exposure to cash flow risk associated with the interest rate payments on the outstanding principal of the Corporation’s variable rate credit facility. The agreement expires March 2006 and provides for the Corporation and the counter-party to exchange, on a quarterly basis, the difference between the fixed rate (5.83%) and the floating rate (three-month LIBOR plus 0.225%) interest amounts calculated by reference to the agreed-upon notional principal amount of $125,000,000. During the year ended December 31, 2005, the Corporation paid $2,460,981 to the counter-party for settlements under the interest rate swap agreement. This amount reduced net investment income earned in the statutory statement of revenue and expenses. At December 31, 2005, the Corporation recorded a net liability of $281,938 under the agreement.

In 2004, the Corporation entered into four separate interest rate swap agreements, which meet the criteria of fair value hedges on long-term debt, with highly rated, major U.S. financial institutions (the counter-parties) as a means to convert certain fixed rate unsecured Senior Notes to variable rates. The agreements expire August 15, 2013 and provide for the Corporation and the counter-parties to exchange, on a semi-annual basis, the difference between the fixed rate (6.80%) and the floating rate (ranging from USD-LIBOR-BBA plus 1.15% to USD-LIBOR-BBA plus 1.255%) interest amounts calculated by reference to the agreed-upon notional principal amount of $125,000,000. During the year ended December 31, 2005, the Corporation received $1,196,222 from the counter-parties for settlements under the interest rate swap agreements. This amount is included in net investment income earned in the statutory statement of revenue and expenses. At December 31, 2005, the interest rate swaps were reflected at their fair values on the statement of liabilities, capital and surplus with a corresponding adjustment in Borrowed Money.

As a result of the above-referenced interest rate swap agreements, the Corporation is subject to interest rate risk and default risk. Only cash flows related to the differential in the fixed interest rates and the floating interest rates as applied to the notional amounts are subject to interest rate risk over the term of the interest rate swap agreements. The notional amounts do not represent the amounts at risk; rather, they are used only as the basis for calculating the amounts due under the interest rate swap agreements.

NOTES TO FINANCIAL STATEMENTS

B. Other Derivative Investments

In March 2004, the Corporation agreed to purchase from the Allegheny County Industrial Development Authority, upon request of UPMC, a $163,600,000 tax-exempt revenue note to be issued for the benefit of Children's Hospital of Pittsburgh of the UPMC Health System. If issued, the note would be secured by gross revenues and mortgages and would bear interest at an annual rate of 5.00%. Principal payments would be due semi-annually commencing April 15, 2010, with final payment due on October 15, 2032. The agreement pursuant to which the note would be issued permits UPMC to require the Corporation to purchase the note on certain specific dates beginning March 31, 2006 and ending June 30, 2007. The Corporation has estimated the fair value of this option and has recorded a liability in the amount of $5,600,000 in aggregate write-ins for other liabilities in the statutory statement of liabilities, capital and surplus at December 31, 2005.

9. Income Taxes

A. The tax effects of temporary differences that give rise to significant portions of deferred tax assets and liabilities are as follows:

Deferred tax assets:	12/31/2005	12/31/2004
Accrued pension & postretirement	$ 34,638,171	$ 27,123,431

Net admitted deferred tax asset	105,474,040	79,948,519
Decrease in deferred tax assets nonadmitted	$ 77,320	$ -

The change in net deferred income taxes is comprised of the following (this analysis is exclusive of nonadmitted assets as the change in nonadmitted assets is reported separately from the change in net deferred income taxes in the surplus section):

	12/31/2005	12/31/2004	Change
Total deferred tax assets, admitted and nonadmitted	$ 197,097,553	$ 171,179,385	$ 25,918,168
Total deferred tax liabilities	91,546,193	91,230,866	315,327

Tax effect of net unrealized gains			455,353
Change in net deferred income tax			$ 26,058,194

The provision/(benefit) of $114,319,663 and $43,366,865 for incurred taxes on earnings includes only federal taxes incurred.

B. Deferred tax liabilities are not recognized for items listed in SFAS 109, Paragraph 31.

NOTES TO FINANCIAL STATEMENTS

C. The provision for federal and foreign income taxes incurred is different from that which would be obtained by applying the statutory Federal income tax rate to income before income taxes. The significant items causing this difference are as follows:

	2005	2004
Income tax provision at statutory rates	$ 94,994,240	$ 89,939,200
Change in temporary differences recorded directly to surplus	(5,420,627)	7,957,535

Increase (decrease) to tax exposure reserve	4,900,000	(33,000,000)
Nondeductible expenses	1,223,686	893,563
Tax exempt income	(4,865,693)	(4,249,798)
Other	(613,771)	(276,634)
Total statutory income taxes	$ 88,261,469	$ 59,358,829

D. The significant book to tax adjustments are as follows:

	Amount	Tax Effect
Accrued pension & postretirement	$ 98,966,203	35%
General expenses due & accrued	149,815,897	35%
Hospital grants	38,753,797	35%
Furniture, equipment and capitalized software	43,625,660	35%
A&H premiums due & health care receivables	147,815,817	35%
Impairment – Bonds and Stocks	35,002,560	35%
Discounting of claims unpaid	7,899,543	35%
Other	$ 41,256,389	35%

E. Income Tax Carryforwards and Carrybacks

The Corporation had no net operating loss or tax credit carryforwards at December 31, 2005.

The IRS has challenged Blue Cross and Blue Shield plans as to the tax basis step-up of intangible assets owned at January 1, 1987. These assets include subscriber and provider relationships as well as assembled workforce. These challenges are being addressed in the courts as two Blue Cross and Blue Shield plans have litigated this issue. The IRS has suspended all pending refund claims and audit activity on this issue at this time. As a result of the uncertainty surrounding this matter, the Corporation has not recorded any income tax benefits related to the tax basis step-up. An unfavorable result could require significant future cash expenditures but should have minimal, if any, impact on the financial statements as the amount of the tax effected disallowance and interest have been fully reserved. The resolution of this matter may entail efforts including administrative appeals and litigation, which could extend over several years.

F. Consolidation of Federal Return

The Corporation is included in the consolidated federal income tax return with all of its 80% or more owned corporate subsidiaries. A listing of most of these entities is provided in Schedule Y. The Corporation has a written agreement, approved by the Corporation's Board of Directors, which sets forth the manner in which the total combined federal income tax is allocated to each entity which is a party to the consolidation. The Agreement generally settles the consolidated federal tax liability as if each subsidiary filed a separate income tax return. Federal income tax benefits or losses and credits are allocated to the entities incurring such losses and credits to the extent they were used to reduce the consolidated federal income tax liability.

10. Information Concerning Subsidiaries, Controlled and Affiliated Entities (SCAs)

A, B, C & F Transactions with Subsidiaries, Controlled and Affiliated Entities (SCAs)

The Corporation has transactions in the normal course of business with its subsidiaries and affiliates. The Corporation's for-profit and nonprofit subsidiaries and affiliates offer life insurance, stop-loss insurance, health insurance, long-term and short-term disability insurance, dental insurance, fully integrated eye care services, services through HMOs, specialty pharmacy distribution, real estate management and third-party and other administrative services. Common related party transactions include those related to the provision of investment services, asset management, legal services, rental property management, administration of employee benefits and payroll, data and claims processing and normal management of operations.

NOTES TO FINANCIAL STATEMENTS

At December 31, 2005, the Corporation held a $20,000,000 surplus note and a $10,000,000 surplus note from Highmark Life Insurance Company and Highmark Casualty Insurance Company, respectively, two indirect wholly owned subsidiaries. The surplus notes bear interest at a rate equal to two percentage points above the yield on five year U.S. Treasury notes as of December 1 of each year. Interest is payable only if the subsidiary has sufficient unassigned surplus and its risk-based capital (RBC) is 300% or greater, or an amount in excess of any equivalent measure is achieved if RBC is no longer an acceptable measurement standard. The subsidiaries must redeem the notes within 30 years from the date of issuance.

At December 31, 2005, the Corporation held a $12,000,000 surplus note from HealthGuard of Lancaster, Inc. (HealthGuard) a wholly owned HMO. The admitted value of this nonrated surplus note was $7,551,081 at December 31, 2005. The surplus note bears interest at a rate equal to one percentage point above the yield on five year U.S. Treasury notes as of December 1 of each year. HealthGuard must redeem the note within five years from the date of issuance.

In December 2005, the Corporation purchased a $320,000 surplus note from FPH, an affiliate of the Corporation. Interest on the surplus note is payable annually at a rate equal to 6-1/2% per annum; provided that no interest is payable until FPH and FPLIC achieve a combined health RBC percentage of at least 700% for six consecutive calendar quarters. No payments on the surplus note may be made without the approval of the Department.

In April 2005, Empire Vision Center, Inc., a wholly owned subsidiary of HVHC, acquired in a bankruptcy court sale substantially all the assets of Cambridge Eye Associates, Inc. and Douglas Vision World, retail eye care centers in Massachusetts, New Hampshire and Rhode Island, for $6,417,928. The Corporation made a capital contribution of $7,000,000 to HVHC to assist in the financing of the acquisition.

In February 2005, HVHC, Inc. (HVHC), a wholly owned subsidiary of the Corporation, acquired all the issued and outstanding stock of Viva Optique, Inc., a privately-held New Jersey corporation engaged in the design and distribution of eyewear, for a purchase price of approximately $138,000,000. The Corporation made a capital contribution of $100,000,000 to HVHC in February 2005 to assist in the financing of this acquisition.

In February 2005, the Corporation formed a wholly owned life insurance subsidiary, Highmark Senior Resources Inc. (HSR) for the purpose of offering a stand-alone Medicare prescription drug plan. In April 2005, the Corporation purchased 20,000 shares of HSR common stock for $2,000,000 and contributed capital of $3,000,000 to HSR. In 2005, the Corporation contributed an additional $17,000,000 in capital to HSR for working capital needs. The Corporation recorded an additional $1,000,000 investment in HSR on the statutory statement of assets and established a liability of $1,000,000 on the statutory statement of liabilities, capital and surplus at December 31, 2005, which was approved by the Department and paid to HSR in February 2006.

The Corporation's wholly owned subsidiary, Alliance Ventures, Inc. (AVI), is in the final stage of winding down operations following the transition to independent status of physician practices formerly associated with it. In 2005, AVI declared and paid cash dividends of $9,000,000 and property dividends of $627,498 to the Corporation.

D. Related Party Receivables and Payables

Related party admitted receivables were $37,652,265 and $44,961,724 at December 31, 2005 and 2004, respectively, while related party payables at December 31, 2005 and 2004 were $45,946,985 and $43,762,784, respectively. Admitted related party receivables consist of receivables from subsidiaries and affiliates.

E. Commitments and Contingencies to SCA's

The Corporation holds a 24% direct interest and a 76% indirect interest in Jenkins-Empire Associates, a limited partnership, which owns the Corporation's corporate headquarters. The partnership is liable on a fifteen-year note, due in August 2008, which bears interest at 6.84% and requires monthly payments of principal and interest of $1,076,787. The note is secured by the headquarters building and by assignment of all rents receivable by the partnership. At December 31, 2005, $30,108,042 was outstanding on the note.

The Corporation has agreed to guarantee two revolving credit facilities in the amounts of $100,000,000 and $15,000,000, extended to two wholly owned subsidiaries, HVHC and United Concordia Companies, Inc. (UCCI), respectively. At December 31, 2005, $72,500,000 was outstanding on the credit facility to HVHC. At December 31, 2005, there were no amounts outstanding under the credit facility to UCCI.

The Corporation has extended a revolving credit facility in the amount of $19,000,000 to UCCI, a line of credit in the amount of $5,000,000 to a wholly owned subsidiary, Standard Property Corporation (SPC) and a line of credit in the amount of $1,500,000 to a majority owned subsidiary, Industrial Medical Consultants, Inc. At December 31, 2005, $0, $3,250,000 and $1,000,000, respectively, were outstanding under these arrangements.

NOTES TO FINANCIAL STATEMENTS

The Corporation has provided a $10,000,000 surplus note credit facility to MSBCBS. At December 31, 2005, there were no amounts outstanding under the credit facility.

The Corporation is obligor on behalf of a wholly owned subsidiary, HCI, Inc., with respect to two letters of credit in the amount of $1,722,465 and $100,000 at December 31, 2005.

SPC leases office space from an unrelated party and then subleases that space to the Corporation. The lease, which runs through December 31, 2011, requires annual lease payments of approximately $7,617,000 and is guaranteed by the Corporation.

In August 2004, the Corporation entered into a Guaranty Agreement with HealthGuard in connection with the withdrawal of HealthGuard products from the market. The Corporation guaranteed that, until the date on which HealthGuard ceases to be licensed as an HMO in Pennsylvania, HealthGuard will maintain statutory capital and surplus in an amount not less than $1,000,000. The Guaranty Agreement may not be amended without the prior written approval of the Department.

The Corporation has issued guarantees for all customer-related contractual and financial obligations of Keystone Health Plan West, Inc. (KHPW), a wholly owned subsidiary HMO, HealthGuard, FPH and FPLIC. These guarantees satisfy a requirement of the Blue Cross and Blue Shield Association (BCBSA) related to the use of the registered Blue Cross and Blue Shield service marks by controlled affiliates and/or the requirements of the Centers for Medicare & Medicaid Services (CMS) pertaining to Medicare Risk HMOs. The Corporation's share of the combined customer obligations of KHPW, HealthGuard and FPH was $188,682,600 at December 31, 2005. FPLIC had no customer obligations outstanding at such date. If any of these companies ceases operations, the Corporation must offer Blue Cross and/or Blue Shield coverage to all subscribers of that company without exclusions, limitations or conditions based on health status.

In order to comply with requirements of BCBSA, the Corporation has agreed to guarantee the contractual and financial obligations of the customers of MSBCBS. The claims liabilities of MSBCBS were $57,471,241 at December 31, 2005. If MSBCBS ceases operations for any reason, the Corporation must offer or arrange for the offering of Blue Cross and/or Blue Shield coverage to all MSBCBS subscribers without exclusions, limitations or conditions based on health status.

The Corporation has agreed to contribute an additional $19,970,600 in capital as part of the agreement to acquire a 40.1% minority interest in FPLIC (see note 3). The remaining contributions will commence six months after FPLIC products have been introduced into the market.

The Corporation has agreed to contribute an additional $21,000,000 in capital to HSR for working capital needs.

The Corporation has entered into a guarantee agreement with the United States Department of Defense – TRICARE Management Activity under which the Corporation guarantees the performance of UCCI under the TriCare Dental Plan contract awarded to UCCI effective February 1, 2006.

NOTES TO FINANCIAL STATEMENTS

11. Debt

A. Senior Notes

In August 2003, the Corporation issued $375,000,000 of unsecured Senior Notes (the Notes) at an interest rate of 6.80%. Interest is payable semiannually on February 15 and August 15 of each year. The Notes are scheduled to mature on August 15, 2013 and can be redeemed at any time in whole or in part by the Corporation. The Notes are subject to certain restrictive covenants, which include limitations on liens and disposition of stock of certain subsidiaries. The Corporation was in compliance with all its covenants at December 31, 2005.

B. All Other Debt

The Corporation has in place a secured revolving credit facility from a financial institution with maximum availability of $125,000,000. The credit facility requires a commitment fee of 0.09% on the average daily unborrowed amount. The facility expires October 14, 2007, with three optional annual extensions upon agreement of both parties. Interest payments are due quarterly based on the Euro rate plus 0.45% (1.63% at December 31, 2005). During 2005, the Corporation paid interest of $4,470,581 on the facility. At December 31, 2005, the facility had an outstanding balance of **$**125,000,000. Collateral for the facility consists of cash and government securities. The agreements for this credit facility contain various covenants, including requirements to maintain certain financial and liquidity ratios. The Corporation was in compliance with all of these covenants at December 31, 2005.

In March 2005, the Corporation renewed a revolving credit agreement with a financial institution with maximum draw of $35,000,000. The agreement requires an unused facility fee calculated at the rate of 0.25% on the average daily amount available but unused. The agreement expires March 29, 2006. Amounts outstanding under the credit facility bear interest at prevailing interest rates. At December 31, 2005, there were no outstanding amounts under this facility.

Expected return on plan assets	8.00%	8.00%	5.25%	5.25%

For measurement purposes at December 31, 2005, a 9.5% annual rate of increase in the per capita cost of covered health care benefits was assumed for 2006. The rate was assumed to decrease gradually to 5% for 2015 and remain at that level thereafter.

Assumed health care cost trend rates have a significant effect on the amounts reported for the other postretirement plans. A one percentage point change in assumed health care cost trend rates would have the following effects:

	1-Percentage Point Increase	1-Percentage Point Decrease
Effect on total of service and interest cost components	$1,600,000	$(1,500,000)
Effect on postretirement benefit obligation	$13,200,000	$(11,900,000)

NOTES TO FINANCIAL STATEMENTS

B. Defined Contribution Plans

The Corporation sponsors a defined contribution savings plan covering its employees. The savings plan allows participating employees to contribute a percentage of their annual salary subject to current IRS limitations. Employee contributions are matched by the Corporation at various percentages. The Corporation made matching contributions to the plan in the amount of $9,440,244 and $9,194,274 during 2005 and 2004, respectively.

The Corporation also sponsors deferred compensation plans for certain employees. Participating employees may contribute a certain amount of their annual salary to the plan. The Corporation may match a portion of those deferrals and pays interest on those deferrals at various rates. The Corporation made matching contributions to the plan in the amount of $303,143 and $254,861 during 2005 and 2004, respectively.

The Corporation also sponsors unfunded nonqualified supplemental retirement plans (the supplemental retirement plans) covering certain eligible employees. The weighted-average assumptions used in the measurement of the supplemental retirement plans benefit obligation and net periodic benefit obligation and net period benefit cost are consistent with the assumptions used in the measurement of pension benefits. As a result of the Corporation's supplemental retirement plan accumulated benefit obligation exceeding the net supplemental retirement plan liability recognized on the statutory balance sheet at December 31, 2005, the Corporation recorded an additional minimum pension liability of $12,550,137 in general expenses due or accrued.

C. Multiemployer Plans

None.

D. Consolidated Holding Company Plans

None.

13. Capital and Surplus

The Corporation is a non-stock, not-for-profit organization. The Corporation had no outstanding surplus notes at December 31, 2005. The Corporation's cumulative net unrealized gains represent $115,298,120 and $131,501,070 of surplus at December 31, 2005 and 2004, respectively.

14. Contingencies

A. Contingent Commitments

At December 31, 2005, the Corporation had committed approximately $24,018,403 to various limited partnership investments. These commitments are due upon capital calls by the general partners of the partnerships. The Corporation also had various contingent commitments relating to certain SCAs. Refer to Note #10 E.

B. Assessments

None.

C. Gain Contingencies

None.

NOTES TO FINANCIAL STATEMENTS

D. All Other Contingencies

Because the Corporation is not eligible to participate in a Pennsylvania-sponsored Guarantee Fund, the Corporation has established and funded a trust in the amount of its claims liability in order to meet a licensing requirement of the BCBSA.

In December 1996, certain parties filed a petition in the Commonwealth Court for review of an order of the Insurance Commissioner related to the consolidation of Medical Services Association of Pennsylvania (d/b/a Pennsylvania Blue Shield) and Veritus Inc. (d/b/a Blue Cross of Western Pennsylvania) to form the Corporation (Consolidation Order). The Commonwealth Court transferred the proceeding to the Department to consider the parties' standing to challenge the Consolidation Order and, if it concluded that they had standing, to conduct a hearing to resolve any factual disputes. In January 1999, the Insurance Commissioner issued an order dismissing the petition for review to the extent it raised issues with respect to the consolidation and limiting the proceeding to consideration of the change in control of the domestic insurance subsidiaries of the Corporation, the certificates of authority of the Corporation to operate a nonprofit hospital plan and professional health services plan, and the Corporation's bylaws and governance. In December 2002, the Department conducted a hearing on this matter. It has issued no further orders in the matter. The Corporation believes, based on consultation with legal counsel, that it has meritorious defenses to the action referred to in this paragraph. However, it is unable to predict the outcome of the matter, or to reasonably estimate a range of possible loss given the current status of the matter. An unfavorable outcome in this matter could have a material adverse impact on the financial position of the Corporation.

The Corporation was a defendant in a class action lawsuit alleging violation of the Pennsylvania Nonprofit Corporation Law and breach of subscriber contracts by reason of its maintenance of allegedly "excessive" surplus. Based on a decision of the Commonwealth Court in a similar case filed against Independence Blue Cross (IBC), the trial court dismissed this action, which dismissal was affirmed by the Commonwealth Court. That dismissal has been appealed to the Pennsylvania Supreme Court, which has stayed the matter pending disposition of the IBC case. The Corporation believes, based on consultation with legal counsel, that it has meritorious defenses to the claims raised in the action mentioned in this paragraph. However, it is unable to predict the outcome of the matter, or to reasonably estimate a range of possible loss, given the current status of the matter. An unfavorable outcome in this matter could have a material adverse impact on the financial position of the Corporation.

The Corporation is a defendant in two class action lawsuits brought by physicians, chiropractors and other professional providers, together with several state medical societies and other professional organizations, against BCBSA and various Blue Cross and Blue Shield licensees alleging intentional delay in payment, non-payment and underpayment to providers. In addition, the Corporation, along with Keystone Health Plan Central, Inc. (KHPC) and Capital Blue Cross, is a defendant in a class action lawsuit brought by a provider in the KHPC network alleging conspiracy among the defendants to intentionally underpay providers. In September 2003, a motion to dismiss the KHPC case was denied. The Corporation is unable to predict the outcome of the matters and, although the Corporation's financial statements contain a provision for potential liability, an unfavorable outcome in these matters could have a material adverse impact on the financial position of the Corporation.

The Corporation is a defendant in a class action lawsuit challenging the rates paid to ambulance providers under a KHPW MedicareAdvantage product. Similar claims were raised in an individual provider action previously filed against the Corporation and KHPW in which a United States District Court determined that the rate paid by KHPW was not correct. In October 2005, the parties entered into a settlement of the individual provider case. The Corporation is unable to predict the outcome of this matter and, although KHPW's financial statements contain a provision for potential liability in the matter, an unfavorable outcome could have a material adverse impact on the financial position of the Corporation.

In January 2003, the United States government partially intervened in a lawsuit brought by an employee of the Corporation alleging that the Corporation caused the filing of false Medicare claims. The claims involve Medicare secondary payor laws, which provide that Medicare is secondary to certain employer group health plans. The Corporation's motion to dismiss the complaint in this case was denied. The Corporation is unable to predict the outcome of the matter and, although the Corporation's financial statements contain a provision for potential liability, an unfavorable outcome in this matter could have a material adverse impact on the financial position of the Corporation.

The Corporation is subject to various other contingencies, including legal and compliance actions and proceedings that arise in the ordinary course of its business. Due to the complex nature of these actions and proceedings, the timing of the ultimate resolution of these matters is uncertain. In the opinion of management, based on consultation with legal counsel, adequate provision has been made in the financial statements for the liability related to these matters, and the amount of ultimate liability with respect to these contingencies is not expected to materially affect the financial position of the Corporation.

NOTES TO FINANCIAL STATEMENTS

15. Leases

A. Lessee Operating Leases

The Corporation leases office equipment, computer equipment and office space under various non-cancelable operating lease agreements running through 2007 and thereafter. The leases are also subject to various renewal options and extensions. Total rental expense under these leases for the years ended December 31, 2005 and 2004 was $40,587,155 and $41,038,800, respectively. Future minimum rental payments for the next five years under the leases are as follows for the years ending December 31:

2006	$54,837,806
2007	$38,307,036
2008	$32,284,312
2009	$26,762,329
2010	$25,148,680

NOTES TO FINANCIAL STATEMENTS

B. ASC Plans

The gain from operations from ASC uninsured plans and third party administration for the year ended December 31, 2005 was as follows:

a. Gross reimbursement for medical costs incurred	$4,320,854,507
b. Gross administrative fees reimbursed	486,008,266
c. Other income or expense	-0-
d. Gross expenses incurred (claim and administrative)	(4,803,088,939)
e. Total net gain from operations	$3,773,834

The gain from operations from network access fees and claims processing arrangements for the year ended December 31, 2005 was $56,027,328.

C. Medicare Contract

For the year ended December 31, 2005, the Corporation processed claims of $9,655,136,150 on behalf of the Medicare program. Medicare claims are paid from the Medicare trust fund and are not included in the statutory statements of revenue and expenses. Reimbursement of expenses related to the Medicare program for the year was $75,877,610 and is included as a reduction to general administrative expenses in the statutory statements of revenue and expenses.

At December 31, 2005, the Corporation had recorded a receivable from CMS in the amount of $8,811,422.

C. Other Disclosures

In February 2005, the Insurance Commissioner issued a Determination and Order (the Surplus Order) that an appropriate sufficient operating surplus range for the Corporation is 550% - 750% of the health RBC ratio or the Department's consolidated risk factor ratio, whichever is lower. So long as the Corporation operates above the 550% ratio, the Corporation will not be permitted to include a risk and contingency factor in its filed premium rates. If the Corporation's ratio exceeds 750%, it will be required to justify its surplus level and could be required to submit a plan to bring its surplus within the designated appropriate sufficient operating surplus range. At December 31, 2005, the Corporation's health RBC ratio was 721.59% and was lower than the Department's risk factor ratio.

In February 2005, the Corporation entered into a six-year Community Health Reinvestment Agreement with the Department, which established the Corporation's annual Community Health Reinvestment (CHR) commitment based on certain Pennsylvania direct written health premiums and quantified the Corporation's minimum social mission commitment in 2005 at approximately $90,000,000. Sixty percent of the CHR will be directed by Pennsylvania and dedicated to programs for uninsured persons of low income. Forty percent of the CHR will be directed by the Corporation, subject to approval by the Department, and dedicated to permitted community endeavors. The Corporation recorded a 2005 Pennsylvania-directed net obligation of $53,104,671 in other expense. This amount was calculated based on certain historical Pennsylvania direct written health premiums and is net of the estimated amounts of certain credits. The estimated receivable for such credits was $842,499 at December 31, 2005.

NOTES TO FINANCIAL STATEMENTS

In September 2005, the Corporation recorded a commitment of $28,000,000 in other expense related to the establishment of programs to provide funding to qualifying physicians in western and central Pennsylvania for the adoption of electronic prescribing and electronic health records technology (the ePrescribing Initiative). The commitment included a $26,500,000 contribution to the Pittsburgh Foundation (the Foundation), which commitment was funded in October 2005. To implement the ePrescribing Initiative, the Foundation created the Highmark eHealth Fund, which distributed a portion of the contributed funds for use as grants to certain qualifying physicians. The Foundation also created the Highmark eHealth Collaborative, a supporting organization of the Foundation, which received the balance of the contributed funds. The Highmark eHealth Collaborative is not a subsidiary or affiliate of Highmark and uses the name "Highmark" pursuant to a license agreement.

D. Uncollectible Receivable Balances

At December 31, 2005 and 2004, the Corporation had admitted assets of $248,667,715 and $193,155,901 respectively, in accounts receivable for insured and uninsured plans. The Corporation routinely assesses the collectibility of these receivables. Based upon the Corporation's experience, less than 1% of the balance may become uncollectible and the potential loss is not material to the Corporation's financial condition.

E. Business Interruption Insurance Recoveries

None.

22. Events Subsequent

On February 22, 2006, the Corporation entered into agreements with IBC pursuant to which the Corporation agreed to transfer ownership of Highmark Senior Resources, Inc. (HSR) to a holding company that will be owned 50% by the Corporation and 50% by IBC. IBC will simultaneously contribute to the holding company a company that, like HSR, offers Medicare Part D prescription drug products in Pennsylvania and West Virginia. Consummation of the transactions is subject to various conditions and approvals, including approval by the Department.

23. Reinsurance

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

1. There are no non-affiliated reinsurers listed in Schedule S that are owned in excess of 10% or controlled directly or indirectly by the Corporation or any representative, officer, trustee or director of the Corporation.

2. No policies issued by the Corporation have been reinsured with a company chartered in a country other than the United States that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor of an insured or any other person not primarily engaged in the insurance business.

Section 2 – Ceded Reinsurance Report – Section A

1. The Corporation has no reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than for nonpayment of premium or other similar credit.

2. The Corporation has no reinsurance agreements in effect such that the amount of losses paid or accrued through December 31, 2005 may result in a payment to the reinsurer of amounts that, in the aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsurance policies.

Section 2 – Ceded Reinsurance Report – Section B

1. The estimated amount of the aggregate reduction in surplus of termination of all reinsurance agreements by either party as of December 31, 2005 is not expected to have a material impact on the Corporation's statutory surplus.

2. No new agreements have been executed and no existing agreements have been amended since January 1, 2005 to include policies or contracts that were in force or which had existing reserves established by the Corporation as of the effective date of the agreement.

B. Uncollectible Reinsurance

None.

NOTES TO FINANCIAL STATEMENTS

C. Commutation of Ceded Reinsurance

None.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

The Corporation estimates retrospective premium adjustments to earned premium for its group health insurance business by examining each group's activity and applying the appropriate contractual limitations. For the year ended December 31, 2005, the Corporation's net premiums written that were subject to retrospective rating features were $311,942,730, which represents 7.41% of total net premiums written. No other net premiums written by the Corporation are subject to retrospective rating features.

25. Change in Incurred Claims and Claim Adjustment Expenses

Reserves for incurred claims and claim adjustment expenses attributable to insured events of prior years decreased by $52,006,807 and approximately $2,033,000, respectively, as a result of re-estimation of unpaid claims and claim adjustment expenses. The re-estimation decrease is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased as additional information becomes known regarding individual claims. The Corporation may experience favorable prior year claim development on retrospectively rated policies; however, since the business to which it relates is subject to premium adjustments, there was no significant impact on surplus.

26. Intercompany Pooling Arrangements

None.

27. Structured Settlements

Not applicable for health insurance companies.

28. Health Care Receivables

A. Pharmaceutical Rebate Receivables

The following is an analysis of insured and uninsured pharmacy rebates receivable in 2005, 2004 and 2003:

Quarter Ended	Estimated Pharmacy Rebates As Reported	Pharmacy Rebates As Invoiced	Actual Rebates Collected Within 90 Days	Actual Rebates Collected Within 91-180 Days	Actual Rebates Collected More Than 180 Days
