

DELAWARE GRANT OPPORTUNITIES

aetnaCVSHealth

aetnaCVSHealth's goal is to increase access to health care and improve health outcomes across the U.S.,

- With heightened focus on: heart health, mental health, women's health, healthy aging, and climate-related health impacts.
- Investments also made in services addressing food insecurity, educational and workforce development opportunities and other social determinants of health.

Funding information can be found at
cvshealth.com/impact/healthy-community/funding.html.

AmeriHealth Caritas Delaware

The AmeriHealth Caritas Foundation is dedicated to preventing and mitigating adverse childhood experiences (ACES).

- Awardees should anticipate one-year project-specific grants ranging from \$100,000 to \$250,000.
- Programs should focus on driving positive outcomes for children's health.

All questions should be directed to

info@amerihealthcaritasfoundation.org

Full guidelines and details can be found at
www.amerihealthcaritasfoundation.org

The Cigna Healthcare

Cigna Healthcare is committed to improving health equity in local communities by being a catalyst for change. They provide grants to organizations focused on the following pillars:

- Improving mental health for youth,
- Supporting housing stability for veterans,
- Reducing barriers to health equity.
