Suite 101
Dover, Delaware 19904-2465

Dear Commissioner:

In compliance with instructions and pursuant to statutory provisions contained in Examination Certification No. 25.016, dated February 24, 2025, an examination has been made of the affairs, financial condition and management of

EVEREST INDEMNITY INSURANCE COMPANY

hereinafter referred to as the Company or EIIC. The Company was incorporated under the laws of the State of Delaware as a stock company with its home office located at 251 Little Falls Drive, Wilmington, Delaware. The administrative office of the Company is located at 100 Everest Way, Warren Corporate Center, Warren, New Jersey.

SCOPE OF EXAMINATION

We have conducted a full-scope risk-focused examination of the Company. The last examination was conducted by the Delaware Department of Insurance (Department) as of December 31, 2020. This examination covered the period of January 1, 2021 through December 31, 2024.

Our examination was performed on the Delaware-domiciled companies (Companies) within the Everest Group, Ltd. (EG) holding company system as of December 31, 2024. Hereinafter, collectively, the EG holding company and the Delaware insurance companies are referred to as the “Group.” The Company’s Delaware-domiciled affiliates are Everest Reinsurance Company (ERC), Everest National Insurance Company (ENIC), Everest Denali Insurance Company (EDIC), Everest Premier Insurance Company (EPIC) and Everest Security Insurance Company (ESIC), which redomiciled from Georgia to Delaware during the current examination period.

We conducted our examination in accordance with the *National Association of Insurance Commissioners (NAIC) Financial Condition Examiners Handbook* (Handbook) and generally accepted statutory insurance examination standards consistent with the Insurance Code and Regulations of the State of Delaware. The NAIC Handbook requires that we plan and perform the examination to evaluate the financial condition, assess corporate governance, identify current and prospective risks of the Company and evaluate system controls and procedures used to mitigate those risks. An examination also includes identifying and evaluating significant risks that could cause an insurer’s surplus to be materially misstated both currently and prospectively.

All accounts and activities of the Company were considered in accordance with the risk-focused examination process. This may include assessing significant estimates made by management and evaluating management’s compliance with Statutory Accounting Principles. The examination does not attest to the fair presentation of the financial statements included herein. If during the course of the examination an adjustment is identified, the impact of such adjustment will be documented separately following the Company’s financial statements.

This examination report includes significant findings of fact, pursuant to the General Corporation Law of the State of Delaware as required by 18 *Del. C.* § 321, along with general information about the insurer and its financial condition. There may be other items identified during the examination that, due to their nature, are not included within the examination report but separately communicated to other regulators and/or the Company.

During the course of this examination, consideration was given to work performed by the Company's external accounting firm, KPMG, LLP (KPMG). Certain auditor work papers of the 2024 audit of the Company have been incorporated into the work papers of the examiners and have been utilized in determining the scope, areas of emphasis in conducting the examination and in the area of risk mitigation and substantive testing.
