Chubb's North America property and casualty business operates through the following business segments rather than on a legal entity basis: North America Commercial Property and Casualty (P&C) Insurance, North America Personal P&C Insurance and North America Agricultural Insurance.

Strategic Goals (Group)

Chubb's (Group) long-term business strategy focuses on sustained growth in book value achieved through a combination of underwriting and investment income.

The Group has grown its business through increased premium volume, expansion of product offerings and geographic reach and the acquisition of other companies, to become a global P&C leader. Chubb expanded its Accident & Health (A&H) and life insurance business with the acquisition of Cigna's business in several Asian markets in 2022. Chubb further advanced its goal of greater product, customer and geographical diversification with incremental purchases that led to a controlling majority interest in Huatai Insurance Group Co. Ltd, a Chinese financial services holding company with separate P&C, life and asset management subsidiaries on July 1, 2023.

Chubb operates through six business segments:

1. North America Commercial P&C Insurance
2. North America Personal P&C Insurance
3. North America Agricultural Insurance
4. Overseas General Insurance
5. Global Reinsurance
6. Life Insurance

Chubb's North America Commercial P&C Insurance segment comprises operations that provide P&C and A&H insurance and services to large, middle market and small commercial businesses in the U.S., Canada and Bermuda. In the U.S., this segment includes:

- Commercial Insurance – the retail division focused on middle market customers and small businesses.
- Major Accounts – the retail division focused on large institutional organizations and corporate companies.
- Westchester – a wholesale and specialty division.

The North American Personal P&C Insurance segment includes business written by Chubb's Personal Risk Services division, which includes high-net-worth personal lines business.

Finally, Chubb's North America Agricultural Insurance segment comprises U.S. operations that provide a variety of coverages, including crop insurance, primarily multiple peril crop insurance and crop-hail insurance as well as farm and ranch and specialty P&C commercial insurance products and services.

Chubb has more than \$246 billion in assets as of December 31, 2024. North America Insurance reported \$36.5 billion in gross premiums written and \$8.5 billion in segment income. External Reinsurance

Natural Catastrophe Property Reinsurance Program

Chubb's core property catastrophe reinsurance program provides protection against natural catastrophes impacting its primary property operations (i.e., excluding Global Reinsurance and Life Insurance segments). Chubb regularly reviews their reinsurance protection and corresponding property catastrophe exposures. This may or may not lead to the purchase of additional reinsurance prior to a program's renewal date. Chubb purchased a Global Property Catastrophe Reinsurance Program for their North American and International operations. Net of third-party reinsurance, according to the approved lead state pooling documents, ACE American is responsible for the recoverable.
